EXPECT HANDS-OFF VIEW

If League Refuses Action  
Membership Will Lose  
Part of Its Value

Washington — Although there is  
manifest displeasure here that Pan-  
ama should have carried a dispute to  
the league of nations, the incident  
may have a significant bearing on the  
attitude of the United States toward  
the league.

The friends of the league in the  
United States have always insisted  
that there would be no interference  
with the special interests of the United  
States in this hemisphere; in fact,  
that the covenant specifically says  
nothing shall affect "regional under-  
standings like the Monroe Doctrine."  
If the league takes cognizance of  
Panama's plea, it will give the oppo-  
nents of the league idea in America  
what they would term vindication of  
their claims. If, on the other hand,  
the league refuses to listen to Pan-  
ama's plea on the ground that the  
question is outside the jurisdiction of  
the league of nations, that very ac-  
tion will be used by friends of inter-  
ference with America's special interests  
as ill-founded.

## INTEREST IN PAN-AMERICA

The decision is an important one be-  
cause lately the league of nations has  
been showing great interest in the  
welfare of the countries of this hemi-  
sphere and the president of the coun-  
cil of the league recently "acted," came  
from Chicago, is the fact that the  
decision is an important one because  
lately the league of nations has been  
showing great interest in the welfare  
of the countries of this hemisphere and  
the president of the council of the league  
recently "acted," came from Chicago,

If the league is to turn a deaf ear to  
all complaints from Pan-American re-  
publics, membership in the league will  
not be considered worthwhile. On the  
other hand, the decision of the league  
of nations is an important one because  
lately the league of nations has been  
showing great interest in the welfare  
of the countries of this hemisphere and  
the president of the council of the league  
recently "acted," came from Chicago,

Eight months in the house of cor-  
rection and a fine of \$500 was in-  
posed on Peter Zetting, proprietor of  
the famous Oneda restaurant on  
Well-st. The restaurant was twice  
raided and now is under federal pad-  
lock. Zetting told the court that the  
padding cost him \$15,000 under  
penalties of "his lease."

## RACINE SHERIFF WARS ON

## SPEEDING BUS DRIVERS

Racine —(P)— Sheriff Charles  
Skewes Tuesday made good his de-  
claration that motor buses shall not  
make a speedway of highway 41  
through Racine. Harold C.  
Miller, Bluebird bus driver, was  
ordered into court three days  
ago but who did not appear, was  
taken into custody by a deputy sheriff  
late Tuesday and he was obliged to  
drive his conveyance to this city.  
Bringing eight passengers with him.  
For an hour and a half the bus and  
passengers were parked in front of  
the county jail while Miller went  
through the court procedure. He was  
charged with having driven at the  
rate of between 45 and 48 miles an  
hour, but insisted that the bus would  
not go that fast. Judge Burgess fin-  
ed him \$10 and costs. Two other bus  
drivers have been ordered in for  
Thursday on speeding charges.

## COMMISSION CANCELS

## VISIT TO ARGENTINA

Washington, D. C. —(P)— Plans of  
the tariff commission to send agents to  
Argentina to investigate production  
costs of flaxseed and corn, an activity  
not welcomed in the South American  
public, were canceled Wednesday  
and the committee will not sail Sept.  
24, as scheduled.

## COMMUNIST WHO FIRED

## ON FASCISTS IS KILLED

London —(P)— A Reuters dispatch  
from Ravenna, Italy, says that a Com-  
munist, who subsequently was killed,  
Wednesday fired several revolver  
shots at a group of officers of the  
Fascist militia there, seriously wounding  
the commandant of the Eighty-  
first zone. The dispatch says that  
the secretary of the local Fascist or-  
ganization returned the fire of the  
Communist, whose name was given as  
Messoli, killing him.

## ENORMOUS DEATH TOLL IN MEXICAN HURRICANE

OIL WAREHOUSE BURNED;  
MAN SERIOUSLY INJURED

Watertown —(P)— Harry Marshall,  
Watertown, was burned, probably fa-  
tally, in a fire at the Barles McGuire  
oil Co. warehouse here Tuesday  
night. The fire, believed to have been  
started by the backfire of the motor  
of the truck Marshall was driving,  
destroyed 30,000 gallons of gasoline,  
\$2,000 worth of lubricating oil and  
burned several coal sheds.

New York —(P)— Only the faint

boat with three daring air adventures  
had survived the storm-tossed Atlan-  
tic since last Wednesday remained to  
searchers for the occupants of the  
monoplane Old Glory after discovery  
of the wrecked hull of the giant craft  
600 miles off Newfoundland. With a

wreckage, the steamer Kyle was re-  
leased that it would continue the search.

## GREAT PIANIST TO PLAY IN CONCERT HERE FEBRUARY 9

Walter Gieseking Hailed as  
Rubenstein of Present Gen-  
eration

Walter Gieseking, hailed as the Rubenstein of this generation, will play in concert at Lawrence Memorial chapel Feb. 9, as the fourth number of the Community Artist series sponsored by Lawrence conservatory of music.

The magic of his playing has sent Gieseking's name vibrating throughout Europe. His American debut was made in January 1925 under the management of Charles L. Warner. "He has that most valuable quality that Napoleon cited in Rubenstein, 'The ability to get the imagination of others.' He is a musical and pianistic phenomena at the same time. His mind is that of a musician to whom nature gave an understanding for the inner life and spirit of music. It is his ability to project the thought of the music that he plays, that emotions appeal to that made Rubenstein and Liszt so popular with the multitude, that has made the success of Gieseking so sensational."

**BORN IN FRANCE**  
He was born in Lyons, France. A German by inheritance, his father, a physician whose field of service during Gieseking's first 16 years was spent on the Italian Riviera. It was not until 1911 that Hannover, Germany became his home and after study with Karl Lennert at the Hanover conservatory he decided upon the career of a professional pianist.

Marjorie Talley, the famous young soprano of the Metropolitan Opera Co. will sing the first concert of the series Oct. 7.

Louis Graveure, foremost concert pianist of today, will sing here Dec. 7, and Pablo Casals, cellist of world fame, will give a concert Jan. 23. The English Singers of London, popular with their Appleton audience last year, will give a return engagement on March 16.

Season tickets may be obtained at Lawrence conservatory of music.

## LETTERS DESIGNED FOR SCHOOL AWARDS

Participants in Major and  
Minor Activities Will Be  
Given Insignia

Uniform letters have been designed for awards at Appleton high school this year and will be standard for each of the major and minor activities of the school. The major activities will be awarded with orange chenille "A's," nine inches tall, and the minor group with letters five inches high.

Athletic "A's" are in the major group with basketball, football and track. The insignia to specify the activity in blue on the crossbar of the "A." Football and basketball have the balls of the game on the crossbar, and track has a winged foot. In the minor awards are: the Girls Athletic association with its letters as insignia; the school publications, Talisman and Clarion, with a quill; public speaking, oratory, debate, extemporaneous speaking, and declamation with a gavel; band, orchestra and glee club insignia have not been worked out but will have a lyre on the cross bar.

No other school awards will be given. The letters will be granted by a faculty awards committee headed by J. Raymond Walsh, assistant principal. Each faculty sponsor of activities will recommend students whom they believe should receive awards and will submit the basis on which they have based their choice. The faculty committee will make the final selection. It is believed this system will eliminate criticism on the basis of favoritism.

## DEMONSTRATION GIVEN BY COOKING EXPERT

About 18 or 20 women attended the cooking demonstration at the home of Mrs. Henry Haferbecker, Grand Chute, Tuesday afternoon. Samples of food were cooked from recipes given last year by Miss Edna Hoffman of the university extension division at Madison division at Madison. Supper was served to husbands of the women at 7:30 in the evening.

Miss Hoffman will be in charge of the first demonstration of the year under her direction at the home of Mrs. Frank Letts, route 4, Thursday morning and afternoon. Each woman has been asked to bring a can and enough fruit or vegetables to fill the can for the cooking demonstration. A dinner will be cooked in the morning and the canning will be done in the afternoon.

## "JUMPING" ARTERIAL RESULTS IN ARREST

Ray Leeson, 311 N. State-st., was arrested at 12:40 Tuesday afternoon by Fred Arndt, motorcycle officer, for failing to stop for an arterial sign at the corner of North and Oneida-sts. He is to appear in court Thursday morning.

## SMOKY FURNACE CAUSES FIRE DEPARTMENT ALARM

Escaping smoke from a furnace in Wichman's Furniture store, 513 W. College-ave., caused the fire department to be called on the store at 11 o'clock Tuesday night. No fire was found, however.

## LAWRENCE GRADUATE GETS Y. W. POSITION

Miss Mary Gordon, a graduate of the 1925 class at Lawrence college, has been appointed general secretary of the Y. W. C. A. at Appleton, according to word received at the alumni secretary's office. Four full time secretaries are employed by the association there, which is located in a city of about 20,000 population.

## ON COMMUNITY ARTIST SERIES

Walter Gieseking, famous German pianist, will give one of the five concerts of the Community Artist series at Lawrence Memorial chapel the coming season. His appearance will be on Feb. 9.

## Game Warden Tells Of Hunting Law Changes

Lovers of partridge and sparrow hen hunting will have no chance to satisfy their craving this year as there is no open season on these birds until the first Saturday in October, 1929, according to Louise Jeske, game warden. That law is the most important change made in the game laws by the badger legislature, according to Mr. Jeske.

The season for ducks opens at 5 o'clock next Friday morning. Hunters may not start shooting before 5 o'clock in the morning and they must quit at 6 o'clock. The limit is five ducks per day and Mr. Jeske cautions sportsmen to follow the law very closely as beside himself, there are three other game wardens in the county and a close watch will be kept for violators. No mercy will be shown to trespassers, Mr. Jeske declared. Partridge and grouse hunters will have only four days in which to satisfy their longing to hunt these birds.

## AFFIRM RULING ON "ENCLOSED PORCH"

Board of Appeals Undecided  
as to What Further Action  
Will Be Taken

The appeal of Oscar Boldt on the decision of the building inspector, who stopped work on an alleged "enclosed porch," under construction to a residence at 126 S. Victoria-st. was denied by the board of appeals at an adjourned meeting in the city hall Tuesday night. Mr. Boldt contended that he was within his rights because the building inspector had issued a permit for the "porch" he was building. Photographs of the "porch," however, showed that it was in reality an actual addition to the front of the home, and extended beyond the set-back line.

Just what action will be taken against Mr. Boldt was undecided Wednesday morning but according to John N. Welland, building inspector, the matter is to be placed in the hands of Alfred A. Bossert, city attorney. The home is almost completed and it is possible that Mr. Boldt will be forced to move the entire structure back of the set-back line. He has, however, the privilege of carrying the matter to the justice courts. The appeal of F. F. Wettengel, owner of property on Outagamie-st. where E. F. Miller, Inc. has erected a home with an enclosed porch, was denied. Mr. Wettengel sought to force Mr. Miller to move his residence back of the set-back line so that the porch did not go over the line. He claimed the porch was in reality a part of the house and therefore was a violation of the zoning law.

## WATER COMMISSION WILL MEET FRIDAY

A regular monthly meeting of the water commission will be held at 1:15 Friday afternoon in the water department offices in the city hall. Bids for fuel oil for use at the water plant will be opened and the contract probably will be let. Other routine business will be transacted.

## RECTOR TO ATTEND EPISCOPAL MEETING AT STEVENS POINT

Will Discuss General Mission  
Work in Fond du Lac Dio-  
cese

The Rev. Henry S. Gately rector of All Saints Episcopal church, will leave Thursday to attend the fifth annual conference of the Episcopal church diocese of Fond du Lac for clergy, wardens, and vestrymen to be held at Stevens Point Thursday and Friday.

The Rev. Donn Fenn, Minneapolis, representative of the church's national field department, will be the conference leader. One of the topics to be discussed will be general mission work of the church particularly that in the western Wisconsin diocese of Fond du Lac.

A sermon will be given by the Rev. Harry S. Ruth, Ashland, Thursday afternoon. George E. Nelson, Stevens Point, will give the address of welcome at a dinner Thursday night, and speakers at the affair will be Dr. Fenn, Bishop Reginald H. Welles, and Miss Grace Lindley, executive secretary of the national women's auxiliary.

At the Friday conference the Rev. Lucius D. Hopkins, Suamico, will make an address on rural problems. Miss Lindley will talk on missions and Dr. Fenn on church extension. The conference will close with a luncheon at 1 o'clock Friday afternoon when Dean Edward Averill of the Fond du Lac Cathedral will preside.

A discussion on general and diocesan plans for "every member" canvasses, parish education and enlistment will be held the first day. Holy communion will be celebrated in the morning of the second day, followed by a "sample" vestry conference, and joint meeting of the auxiliary and conference.

## ALDERMAN STILL IN SERIOUS CONDITION

Alderman P. Earle of the Second ward is in a serious condition at St. Elizabeth hospital where he has been confined for about five weeks. His condition was reported, Wednesday morning, as being neither "better nor worse." Mr. Earle is suffering from gangrene and it was necessary for physicians to amputate his right leg last week.

## YOUNG WOMAN HURT IN AUTO ACCIDENT

Miss Ethel M. Stallman, 18-year-old daughter of Mr. and Mrs. P. F. Stallman, 518 E. Wisconsin-ave., was slightly injured when the automobile in which she was riding collided with another machine driven by John Miller, Briggs hotel, at the corner of N. Appleton and W. Washington-sts. at 10:15 Tuesday night. The machine in which the girl was riding was owned and driven by her father. They were going north on N. Appleton-st and Miller was driving east on W. Washington-st. The cars collided when Miller attempted to turn to go north on Appleton-st. Miss Stallman was thrown against the side of the car and injured her neck. Both cars were slightly damaged.

The Fond du Lac Cathedral will preside.

A discussion on general and diocesan plans for "every member" canvasses, parish education and enlistment will be held the first day. Holy communion will be celebrated in the morning of the second day, followed by a "sample" vestry conference, and joint meeting of the auxiliary and conference.

## VICTIMS OF FAMILY TRAGEDY

The seven children of Mr. and Mrs. Bert Lamb of Hortonville, are the real victims of the domestic troubles in the family. Mrs. Lamb is in St. Elizabeth hospital recovering from a slashed throat and her husband is held in the Outagamie-co jail on a charge of assault with a deadly weapon with intent to murder.

The children are being cared for by Mrs. Henry Morse, route 1, Antigo, their grandmother and guardian. They have been working in the beanfields, near Hortonville and are very industrious, although very much depressed.

In the front row from left to right are Bert, five years old; Mrs. Henry Morse with Gordon Kenneth, six months old, on her lap; and Edith Virginia. In the rear row are Albert Lyle, seven years; Francis Loyal, 12 years; Vernon, 13 years; and Arthur, ten years.

## PERMIT FORWARDING OF 2 NEW CLASSES OF MAIL

Forwarding blanks for ordinary mail of the third and fourth classes have been announced by the postal department, to inform senders of changes in their mailing lists that they may be corrected.

"When the sender desires to be notified of the forwarding of ordinary mail of the third or fourth classes as provided by this new regulation, he should print in the lower left portion of the address side of the matter in a prominent manner, unobstructed by any other matter, so that it will not be overlooked, the following request:

"Postmaster: If forwarded to a new address notify sender on form 3547. Postage for notice guaranteed. This notice covers a change in the street address at the postoffice of original address as well as a change of address to another postoffice."

"A postage charge of 2c will be made for each notice of this kind furnished to the sender of the forwarded mail. The charges will be collected upon delivery of the notice to the sender in the manner of other postage due."

Mr. and Mrs. F. W. Rawson of Milwaukee, are visiting at the home of T. H. Bruncker.

## ANNOUNCE SPONSOR FOR LOCKER SYSTEM

Harry Cameron and 2 Student Assistants Named  
Caretakers

Harry Cameron, head of the manual arts department at Appleton high school, has been appointed faculty sponsor of the locker system at the school. His student assistants will be Roy Winter and Harold Blassman. Mr. Cameron takes the place of Warren Wright, who is teaching at the Oshkosh high school this year.

The assistants are available before and after school and at noon to open lockers for students who have forgotten or lost their keys. A penalty of 2c is charged for each offense and this fee will be raised to 5c later in the year. It was announced. Each student deposits \$1 at the beginning of the year for a lock and key to a locker and penalty fees are deducted from this deposit.

Only 715 lockers are in the building and there are 835 students this year, so that a number have two persons using them. Fifty combination locks were introduced this year and it is hoped that gradually the system will be worked into all such locks to eliminate the need for keys. Since the installation of this system three years ago, lost and stolen property has been reduced to a minimum, the principal said.

## ONE BUILDING PERMIT

Only one permit was issued by the building inspector, Tuesday. It was given to the Kimberly Real Estate company, to build a garage at 1522 N. Oneida-st.

**NO. 7 Pass.** While the Clubs which constitute the side strength are the same in No. 7 as in No. 6, the absence of the Ten of Spades in No. 7 so reduces the strength of the Spade suit that it is not advisable to bid it with only an Ace-Queen on the side.

**No. 8.** One Spade. With the Ace-King on the side, a King-Jack five-card suit should be called. Two quick tricks on the side (that is, either two Aces, two King-Queens, one Ace and one King-Queen, or an Ace-King) will justify bidding a five-card suit headed by King-Jack or even by King-Ten.

The next four hands to be considered are:

**NO. 10**  
Q-J-10-X-X

**No. 5 Pass.** A five-card King-Jack-Ten suit should not be bid with one side trick only. If this hand contained as additional strength one of the side Kings, it would be strong enough to bid one Spade; but as it stands a pass is the sound declaration.

**No. 6.** One Spade. The difference between No. 6 and No. 5 is that in No. 6 the Clubs are Ace-Queen in No. 5, Ace-X, and that difference is sufficient to justify the spade bid in No. 6 which should not be made in No. 5.

Make up your mind today how they should be bid and watch for the answers tomorrow.

## FAULTY HEADLIGHTS CAUSE POLICE DRIVE

53 Motorists Are Stopped and  
Warned to Adjust Lamps  
Within 24 Hours

A total of 53 motorists driving machines with defective head or tail lights were stopped by police in a drive against such offenders started last Saturday. Each motorist is warned to have the lights repaired and report back to the police station within 24 hours to prove he has complied with orders. The license number and name of the driver of each machine stopped is taken and if the driver fails to report within 24 hours charges are filed against him.

Of 53 motorists arrested over the weekend, 34 reported to the police the next day and of 18 stopped Monday night, 18 reported Tuesday. The drive is proving very successful, according to George T. Prim, chief of police, who devised the system to check the number of accidents caused because of defective headlights.

## REWARD OFFERED FOR AUTOMOBILE RECOVERY

A reward is offered for information which will lead to the recovery of an Auburn "B" sedan, 1925 model, stolen at Madison, Sept. 10. The car was equipped with two Fisk balloon tires on the rear and two Pennsylvania casings on the front tires. It was equipped with a front and rear bumper and speedometer registered 31,200 miles when the car was stolen. The car was the serial number, 2532294, motor number, 2H2375 and license number D29135.

## APPLETON AMONG FEW CITIES SHOWING GAINS IN BUILDING

Only Seven Wisconsin Cities Report Increase Over July of 1926

Appleton, which reported new construction totaling \$171,246 started in July, as compared with \$130,400 for the same month last year, was one of seven Wisconsin cities which showed a building gain for the month, according to the National Monthly Building Survey published by S. W. Straus and company. The report estimated that the total sum listed for Appleton during the month was 15 per cent below the real value of the new construction.

Other Wisconsin cities which reported gains for the month were Beloit, Eau Claire, Kenosha, Racine, Superior and Wausau. The total estimated value of new construction in the state was \$6,657,690 which was a decrease from last year when \$7,895,836 was reported.

The report showed that Wisconsin was one of the twelve leading states in the union in the amount of new construction. The Badger state stood twelfth in the list.

Reports from 494 cities throughout the country showed a continued slowing down in contemplated building operations, as the volume for the month was nearly 20 per cent below that of July last year and 17 per cent below June of this year. Totals reported were \$297,308,974 as compared with \$368,789,052 for July in 1926 and \$357,809,698 for June in 1927.

The average level of wages was maintained in July. Labor in the building crafts is more stabilized than for months past as there is an absence of super-normal conditions in construction circles.

Cost of construction materials remained approximately stationary during July. Despite seasonal activity in the building industry, the low level reached by building material prices remained practically unchanged, though the market was firmer.

Following are cities of about the same size as Appleton with their monthly report on building permits:

July, 1927	July, 1926
Appleton	171,246
Fond du Lac	17,190
Manitowish	44,458
Oshkosh	145,714
Sheboygan	202,236
Wausau	16,554
Eau Claire	103,200

## 7,311 FEET OF NEW SIDEWALK THIS YEAR

A total of 46,555 square feet or 7,311 lineal feet of sidewalk was constructed in Appleton this year, as compared with 64,623 square feet or 12,924 lineal feet built in 1926, according to records in the office of the city engineer. Several hundred more feet will be laid this year, but the total will not reach that of last year, it was reported by engineering officials.

Of the total this year 4,240 square feet or 846 lineal feet of sidewalks was laid by city contract and the balance of 6,465 lineal feet, was constructed under private contracts awarded by the property owners. Of the city work, Louis Waltham constructed 1,328 square feet; Robert Schultz, 1,536 square feet; and Fred Lillge, 1,376 square feet.

Last year the city work totaled 22,258 square feet while private contracts were let for 42,365 square feet. Of the city work Waltham constructed 7,860 square feet; Lillge, 7,565 square feet and Schultz, 7,733.

## True Stories of Real Romance

As long as men and women go adventuring in the land of wishes and dreams—as long as the human heart contains a spark of tenderness—just so long will the imagination yield to the spirit of Romance.

The real epics of romance, however, are not born of fancy, but are the stories of real people who have been at grips with life and who are writing from experience.

These are the stories that really stir the imagination—true stories of love and marriage, of temptation and struggle, of success and failure, of laughter and tears. True Story Magazine for October contains seventeen such narratives which will fascinate and thrill you as fiction can never do. Your newsdealer now has the October issue. Buy it today!

## MAYOR OF APPLETON RANKS FOURTH CLASS

Division Is Made According to Amount of Salary Received by City Executive

Appleton's mayor, who receives a salary of \$1,800 per year is in the fourth class of cities whose heads receive more than \$1,000 but less than \$2,000 salary per year according to the annual report of city officials' salaries in 143 Badger municipalities completed by the municipal information bureau of the University of Wisconsin Extension division. Other cities in this class and salaries paid are: Antigo and Cudahy, where the salary is the same; Chippewa Falls and Racine, \$1,500; Marinette, Menomonie and Stevens Point, \$1,200; Wausau, Port Washington, Beaver Dam and Beloit, \$1,000.

Salaries of mayors range from nothing in seven cities to \$9,500, the annual salary of Kenosha's city manager. Three other cities have managers and the salaries paid are: Janesville, \$7,200; Two Rivers, \$4,600; Rhinelander, \$4,000.

Among mayors, Milwaukee's receives the highest salary, \$6,800. Only one other chief executive in the state, the mayor of Superior, falls in the \$5,000 class. The mayor of Oshkosh is paid \$4,000 a year; West Allis, \$3,600; Eau Claire and Fond du Lac, \$3,500; Green Bay, \$3,000.

Sixteen cities pay their mayors on a "per meeting" basis from \$1 to \$10 for each meeting. Of the municipalities paying annual salaries, 17 pay from \$24 to \$75 per year; 26 from \$100

## CITY'S EXPENDITURES \$65,897 DURING JULY

Expenditures by the city during July totaled \$65,897.06, according to the monthly report of E. L. Williams, city clerk. The largest single expenditure was that for sinking fund, bond, and interest, which totaled \$15,690. The second largest sum was that expended for street improvement which was \$12,705.66. Other expenditures made by the street department during the month were as follows: flushing, \$228.55; cleaning, \$1,476.35; equipment, \$1,795.37; repairs and maintenance, \$91.71; bridge repair and maintenance, \$1,099.13; sewer improvement, \$3,515.33.

A total of \$2,203.52 was expended by the police department and \$3,295.43 by the fire department.

## Does your daughter attend school regularly?

MANY GIRLS are absent from school for a few days each month because of illness. In many cases this is unnecessary because young girls—as well as older women—can be strengthened by Lydia E. Pinkham's Vegetable Compound. Girls suffering from run-down condition, sleeplessness, nervousness, and loss of appetite, should gain new strength and vigor from this Vegetable Compound.

The following testimonials show what the Compound has done for other schoolgirls.

### NERVOUS AND DIZZY

Charleston, Illinois:—"I gave my fifteen-year-old girl Lydia E. Pinkham's Vegetable Compound and it did her a wonderful lot of good. She was nervous, weak and dizzy. At last she was so good that she was out of school for four months. The Vegetable Compound has improved her in every way and she has gone back to school. I recommend the Vegetable Compound to other mothers with girls who are not as strong as they should be." Mrs. Alice Louthan, Route 2, Charleston, Illinois.

Remember this package.  
None genuine without the signature of Lydia E. Pinkham.

### SICK AND WEAK

Camden, New Jersey:—"When my daughter was twelve years old she was hurt at the playground. She was sick and weak for some time after that and was not able to go to school regularly. Lydia E. Pinkham's Vegetable Compound has helped her wonderfully, and she now goes to school every day. She has gained in weight and has a better appetite than she had before taking it." Mrs. Ada McKim, 1044 Linden Street, Camden, New Jersey.

## NEENAH PAPER'S TEAM

## WINS CHALLENGE GAME

Neenah—The Neenah Paper company softball team, winner of the Businessmen's league championship, defeated the Neenah club team Tuesday evening by a score of 9 to 8, in the first of three games being played on a challenge issued by the Club team. The other games will be played at 5:15 Wednesday and Thursday evenings at Columbia park. The game was well played and witnessed by a crowd estimated at 1,000 people.

The Club team was ahead up to the sixth inning when the score was 8 to 2, but the Mill team took a turn and brought in six runs in the last of the sixth. The Club team failed to score in the seventh. Johnson, the regular pitcher for the Mill team, started the game but on account of a strenuous football workout during the early part of the afternoon, was compelled to retire and was succeeded by Handler. Jape was the catcher. Paul Falkner pitched for the Clubmen and Charles Sorenson did the catching.

IN DEFAULT OF BOND

Neenah—Joseph Droutsch of Menasha, arrested on a charge of forging checks amounting to \$77.50, waived preliminary hearing Tuesday afternoon in Justice Jensen's court, and was remanded for trial Sept. 20 in municipal court. In default of \$500 bond he was placed in Winnebago county jail.

A three weeks search was conducted for the writer of the three checks which bore the forged names of the Valley Oil company and were cashed at the Barkhahn, Nigle and Jensen grocery stores.

FRANK OTIS ELECTED  
HEAD OF SPORTSMEN

Work Accomplished During  
Season Is Reviewed at First  
Fall Meeting

Neenah—Frank Otis was elected president of the Neenah sportsmen's club at a meeting held Tuesday evening at the city hall auditorium. Part Lee Smith was elected vice-president, Lawrence Lambert, secretary and treasurer. The meeting was the first one of the fall season and was largely attended. Reports of the secretary and treasurer were presented showing the work accomplished by the club during the season.

Among the activities was the securing of shipments of fish fry for the next five years, to be planted in Lake Winnebago. Another was the action taken by the club in asking Gov. Fred Zimmerman to use his influence in having the Horican nursery donated to the sportsmen's club.

A stopping place for wild fowl and a trip from the north to the south. Following the business session, 5,000 feet of film were shown depicting actual hunting for geese, ducks and chickens, shooting alligators with bow and arrow and fishing for large fish in Florida waters.

At the close of the meeting Mr. Otis named Harry Peck, Charles Neuhauer, Harry Williams, Edward Schultz, G. Blank and Walter Heinz as an executive committee for the club.

They also decided to entertain at a social meeting Tuesday evening Sept. 27.

The Birthday club will be entertained Wednesday evening at the home of Mrs. Joseph C. Riley, 212 Water-st. Cards will be played.

The American Legion auxiliary of the Henry J. Leuz post will hold a meeting at 8 o'clock Thursday evening at S. A. Cook armory. Delegates will submit their reports on the state convention at Marinette.

## ECKRICH RE-ELECTED

## FORESTER'S RANGER

Menasha—John Eckrich was re-elected chief ranger of Menasha 457, Catholic Order of Foresters of St. Mary church, at their annual meeting Tuesday evening. Other officers also re-elected were: Vice chief ranger, Emil Power; post chief ranger, C. J. Oberwieser; financial secretary, John Suess; recording secretary, William Tuchscherer; treasurer, Joseph Schlegel; trustee, Joseph Liebhauser. The election of officers was followed by schafkopf.

## LAGOON BEING FILLED

## AT BRIGHTON BEACH

Menasha—The lagoon dredged out close to the intersection of track at Brighton beach, more than 20 years ago is now rapidly disappearing. Load after load of filling from the plant of the Quarry Products company on Appleton-rd is being dumped into it daily by more than half a dozen motor trucks employed by John Sensenbrenner new owner of the property. The site of the former main resort building has also been leveled up.

## HOT WEATHER HELPS

# Alicia Park To Be Pay Camp, Is Plan of Council

In That Manner City Will Realize Some Return on Present \$10,000 Investment

If plans of the public buildings and grounds committee of the common council, which will be made a pay-site next year and the city will realize some return on the investment of \$10,000 made this year to improve the park. Alderman Wenzel Hassman, chairman of the committee, said that when the appropriation for the park improvement was made this year the council recommended that a charge be made for using the site. He said the committee would discuss the matter more thoroughly later in the year.

The charge for using the site probably will be 50 cents per day, Mr. Hassman said. He declared that the small charge would tend to eliminate tramps and other undesirable persons. Investigation has shown, according to Mr. Hassman, that only a very small number of tramps or undesirable persons are using the park now and after it is made a pay-site, they probably would be entirely eliminated.

Mr. Hassman said he has interviewed many of the people staying at the park and finds that the majority have leisure time and sufficient capital to make a comfortable auto tour.

"Our park is highly praised by every tourist I talk to," Mr. Hassman said, "and in several cases the traveler has stated that he makes it a point to stop at the Appleton camp whenever he passes near the city. The tourists, as a whole, favor the pay-site plan because it makes the park more exclusive and attracts only the most desirable transients."

After the improvement of the park was completed, it will be one of the finest and beautiful sites in the state, Mr. Hassman stated. The improvement includes new indoor comfort stations, a sewer and drainage system and many new benches and tables.

## HIGH SCHOOL CLASSES WILL HOLD MEETINGS

If you have a vocabulary prepare to use it now! The new game—LETTER GOLF—starting today in the Post-Crescent is going to determine quickly whether or not you're up to par in the matter of words.

Here's the point: Change one letter at a time until you have gone from poor to rich. Par golf is nine strokes. Use only complete words of modern usage and omit slang and abbreviations. Here's an example:

To change cow to hen, taking three jumps: COW, HOW, HEW, HEN.

The solution is printed on page 3.

## TO HOLD EXAMS FOR CIVIL SERVICE JOBS

## "U" TO OFFER SHORT WINTER FARM COURSE

Provided for Farmers too Busy to Attend Spring and Fall Months

Madison —(AP)—The young farmer who finds himself too busy in the spring and fall to attend college may receive the benefits of university training by attending the winter short course conducted by the College of Agriculture. Students enrolled in the short course receive training from the same faculty members and use the same equipment as do those regularly enrolled in the school.

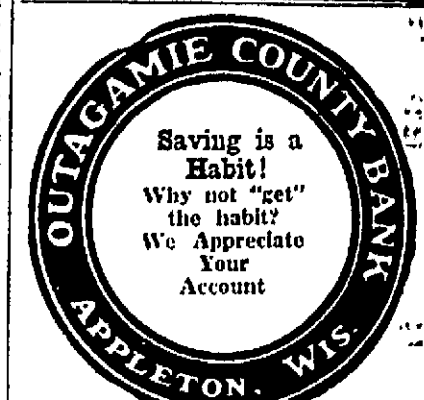

The winter course has for its purpose the training of young men to conduct the business of farming and the special tasks connected with farming. In all courses except those in dairy manufacturing, the school year consists of three terms of five weeks each and the courses are so planned that a definite unit of work is completed during each five weeks. Classes begin at 8 o'clock five morn-

## BADGER STATE SENDS QUARTET TO FRANCE

Not only will Wisconsin be represented by an official band and drum corps at the national legion convention in Paris but a widely-known male quartet also is making the trip, according to word received by local friends from Colonel F. J. Schneller, Neenah state commander of the American legion. The Bloomquist quartet of Tomahawk joined the voyagers at Quebec, Can.

Both the band and drum corps have met enthusiastic receptions in Quebec, Col. Schneller said. The drum corps from the Racine post went through a parade and drill and was asked to repeat the maneuvers. This was done before an even larger and more enthusiastic crowd. The all-star

band, containing ten Appleton men and led by Edward F. Munn of this city, also made a hit at a rehearsal concert and is looked upon as a superb prize winner in the state competition in Paris.

## RADIO EQUIPMENT VALUE \$300,000,000 IN 1927

Washington—Latest reports of the U. S. Department of Commerce pay tribute to the fast growing radio industries by their figures of production, sales and exports.

While crystal sets have declined, multi-tube receivers and loud speakers have increased in use. More than ten times the number of tube sets were manufactured in 1925 than two years earlier! The same two years saw a jump of five times in radio tubes and four times in loud speakers.

In 1923, the total radio output for this country was valued at \$50,000,000. This year the value of radio receivers and allied equipment is expected to reach well over \$300,000,000.

## AMERICAN DENTISTS TO CONVEIN IN DETROIT

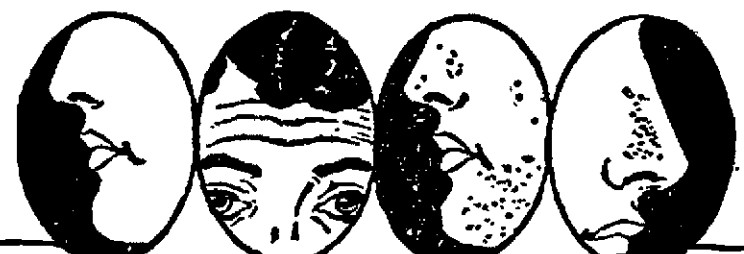

The sixty-ninth convention of the American Dental association will be held at Detroit from Oct. 24 to Oct. 28, inclusive, according to announcements received here during the past week. Efforts will be made to have a large Wisconsin representation at the meeting as an honor to the association president, Dr. Henry L. Banzhaf, a Wisconsin dentist. Whether any of the Appleton members of the profession will attend has not yet been decided.

Opening session of the meeting will be held in the auditorium of the General Motors building at Detroit while all subsequent convention sessions will be held in the ball room of the Book-Cadillac hotel. The most impressive program ever arranged for a convention of the American Dental association is being planned.

## FAVING THE WAY FOR PEACE

The heaving of the great powers by the little nations at the assembly meeting of the League of Nations was not long in bearing fruit. Germany came forward with an announcement by Foreign Minister Stresemann, in one of the most notable addresses on international peace yet delivered, that his country would sign the compulsory arbitration clause of the world court. He was supported and praised by M. Briand, foreign minister of France, who declared that peace can be secured only through reduction of armaments. He made a direct overture to Germany for the maintenance of peace with the implied assurance that France would not depart from a determination to adjudicate any and all differences by arbitration. M. Briand and Poincaré are not in agreement to this extent and his promises are not guaranteed by the present French government; nevertheless, as a persistent and determined spokesman of peace and good will, Briand's influence may yet predominate.

It was to be expected that Great Britain would not echo these sentiments, in view of the recent failure of the tripartite naval conference. In fact, Foreign Minister Sir Austen Chamberlain told the assemblage that Great Britain would sign no more protocols, endorse no more guarantees, and sponsor no more security pacts. Sir Austen speaks for a tory government, which has adopted a reactionary armament policy. He is opposed by the Laborites and the Liberals. There will come a time when the latter will be in control of the British government, and when that time comes there will be a different interpretation of foreign policy. We cannot condemn Great Britain for refusing to guarantee frontiers beyond what she has done in the Locarno treaties, but we can criticize her for throwing cold water on disarmament movements.

Perhaps, after all, the solution of the problems of disarmament and international peace rest with a rapprochement between France and Germany. Such a union even Great Britain could not ignore, and with the moral support of the United States it would undoubtedly pave the way to an extensive reduction in both land and naval forces. There are influences for peace in Europe which are making themselves felt, and it is perhaps not too much to predict that in the end they will prevail.

## INDIANA'S PLIGHT

A few days after the arrival home of ex-Governor McCray from involuntary absence, another Governor of Indiana, Ed Jackson, along with other prominent Hoosier politicians, is indicted for a felony. The charge is that he offered \$10,000 and assistance to former Governor McCray in his embarrassments under the law, provided McCray would appoint as prosecutor of Marion county one McDonald. McDonald was regarded as a political ally of D. C. Stephenson, former grand dragon of the Klan, now serving a life sentence at Michigan City for murder.

The charges and relations if substantiated combine to make one of the greatest and worst criminal conspiracies in the history of American politics. At the bottom it rests on Klan activities and Klan domination of Indiana government. A set of men, drunk with power, apparently recognized no limit of the extremes to which they might go in maintaining their place and in exploiting the people. Mr. McCray promises to take the stand and tell what there is to tell on his relations with Jackson and the Klan. Stephenson has already made a clean breast of everything and turned over supporting documents and evidence.

It is an extraordinary thing for a state to have two governors in succession indicted for criminal offenses. Jackson's guilt is, of course, not established by the indictment, but enough has been disclosed of conspiracy and crime in connection with Indiana's government immediately

preceding Jackson's administration to at least make the charges plausible.

Before Indiana gets back to normalcy and anything approaching political decency it will have to have an Augean stable cleaning.

## EXTRA SESSION UNLIKELY

The probability is there will be no extra session of congress. Naturally this was one of the first questions the president took up for consideration on his return to the capital. His advice from party leaders is reported to have been practically a unit against calling an extra session. The president all along has preferred not to assemble congress in advance of the regular meeting date unless it was absolutely necessary. He has wanted to feel it was not necessary.

Members of the house and senate assure him there will be no difficulty in passing flood control legislation and bills for tax reduction and farm relief. These, of course, are not all of the important matters that congress will have before it. There is the Muscle Shoals problem still unsolved, along with naval construction, each of which is a decidedly controversial subject. If congress disposes of all the above legislation before it adjourns for the 1928 campaign, it will be a miracle.

We are inclined to think the real reason the Republicans do not want a special session is because it would mean an additional month or two of airing the Smith-Vare election scandals. That would not be conducive to party peace of mind nor the seating of the senators-elect, which there is every reason to believe the leaders are prepared to do if they think the political reactions will not be too dangerous.

There are sufficient legislative needs to warrant an extra session. Better and more positive results would be assured by additional time. It will, however, be easy for the party whips to gloss over Smith-Vare scandals and get them out of the way, if there is only the regular session, on the plea that the time is required for flood control, tax and farm bills. Undoubtedly these are the factors that have influenced the presidential advisers. It will not, however, suppress the movement for a special session, which is strong, especially in the South and Midwest.

## THE NEW NATIONAL AIR

The hum of the motor is like a new national air ringing from coast to coast and from lakes to gulf. It is a veritable song of prosperity that includes every inhabitant in the country. At no previous time could an entire population, especially one of a hundred and ten or twenty millions, go riding all at the same time. Eighty per cent of the motor cars in the world are in the United States, about one for every five people.

The hum of the motor is not only a song of pleasure by a hymn of thanksgiving, for while all may ride, a large percentage may thereby also find employment of a kind that will not only afford them a means of support, but such luxuries as motor cars to ride in. It is estimated that in 1926 there were 3,743,000 employed in the automobile industry. The vast amount of raw materials used in the manufacture of motor cars stimulates other industries such as steel, plate glass, leather, lumber, rubber, aluminum, copper, paints, varnishes, nickel, gasoline and lubricating oils. The whole movement of better highways should be included.

In considering the influence of the automobile in helping to create and maintain our present prosperity, which means so much in the matter of a full dinner pail for millions of people who are contributing to the world's welfare through toil, one cannot fail to recognize that the automobile has scattered wealth and pleasure, convenience and comfort throughout this nation during the phenomenal growth of the last decade. The motor car is the friend of high and low, rich and poor alike, and its hum is music in the ears of the American people.

National anthems from time immemorial have been written and sung to those agencies which have uplifted, succored and saved nations. In which capacity the motor car is not unworthy of consideration.

## OLD MASTERS

To me, fair friend, you never can be old:  
For as you were when first your eye I eyed,  
Such seems your beauty still. Three Winters' cold  
Have from the forests shook three Summers' buds;  
Three beauteous Springs to yellow Autumn turned;  
In process of this season have I seen,  
Three April perfumes in three hot Junes burned,  
Since first I saw you fresh, which yet are green;  
Ah! Yet doth beauty like a dial-hand,  
Steal from his figure, and no pace perceived;  
So your fair hue, which methinks still doth stand,  
Hath motion like mine idles may be deceiv'd;  
For fear of which, hear this: Thou art not old,  
Ere you were born, when Time's first arrow  
—Shakespeare: Sonnet.

## Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writers' names and addresses are not published. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

## DO YOU REALLY KNOW HEALTH?

One question in the first health questionnaire we held in June, was:

6. Give the best known method of resuscitation for the apparently drowned.

Only two or three of the many readers who sent in answers had this one right. A lot of readers seemed to indicate the method, but that wasn't the question. We asked the reader to give the method. That meant a description of the procedure. It had been described, the prone pressure maneuver, in Schaefer's own words, in this column a few weeks before we published the questionnaire, and we wanted to see whether readers learn things we try to teach in this way.

In the second health questionnaire, published here in July, the simple question that most of the answers missed was:

2. What is the conversational range of cri? A rather discouraging majority of those who sent in answers retorted to this one. "Whadaymean cri?"—and that wasn't fair, for the very next question was, (3) For that matter, what is cri?

The conversational range of cri is up to 10 feet from the sprayer's face. We've told that dozens of times here. Cri is any of the common respiratory infections—what have you? If you call it "cold" you are trying to put something over on somebody, but if you practice the golden rule you call it "kree," thus acknowledge you don't know yet what you have got, but anyway you give everybody fair warning to keep beyond your conversational range. If that isn't good hygiene I'll eat my words.

Here's the third health questionnaire and I assure you that every one of these questions has been clearly answered in my column in the month of August.

1. What is goiterophobia and why is idiophobia? 2. What was Dr. Osier's opinion of the soda water fountain? 3. Should one sniff salt water into the nasal cavity to cleanse the nasal passages? 4. What is calcium carbonate (precipitated chalk or prepared chalk) good for? 5. Explain, please, poisoning. 6. Do you believe swimmers liable to get cramps? Why?

7. What effective disguise does the common mosquito wear in the first week or so of its career? 8. How should you get the water out of the lungs of a person apparently drowned? (Careful! This answer will count 20 points.)

9. What remedial value has sugar water in so called dry cough? 10. The time well credit 10 points for each correct answer, except No. 8, and that will have 20 points because it is so important.

Not a few readers tell me they give my stuff the once over just for amusement, not for the health information in it. I invite such readers particularly to send in answers to this questionnaire. Maybe you think you know more than you really know about it. Try your knowledge out. If you will in close with your answers an envelope bearing your address, I'll mail you the corrected answers.

## QUESTIONS AND ANSWERS

## Gas Not

Please tell me if gas on the stomach is an indication of ulcers. After eating I get gas and belch a great deal. Would it lead to cancer? What would you advise? (R. M.)

Answer—I advise you to stop the gaswork and consult a physician. Gas on the stomach or belching doesn't indicate anything in particular, except that you need medical attention.

## Peanut Butter

Is roasted peanut butter less wholesome than the unroasted kind? Does the roasting destroy any of the vitamins? (R. M. J.)

Answer—There are not enough vitamins in peanuts to matter.

## Good Phylaxis

I had always wanted to get a saxophone. Just as I had a chance to get one and take lessons, along came somebody claiming that playing a sax weakens your lungs and heart. (Ambitious.)

Answer—I know it doesn't weaken your heart.

On the contrary it seems to toughen it. Saxophone players are generally hard hearted. Then as to lungs. They seem to make as trifling lungs as they've been playing for years as the tyro does in his pristine spasms, so I can't agree with somebody, though somebody did a good bit of prophylaxis.

## LOOKING BACKWARD

## TWENTY-FIVE YEARS AGO

Wednesday, Sept. 17, 1902

Marriage licenses were issued to Louis Hoh of the town of Grand Chute and Hattie Jennerhahn, town of Greenville, to Charles View of Kaukauna and Edith Pfeifer of Kaukauna.

Prof. A. E. Dawson of Hoopston, Ill., who had been engaged to teach bookkeeping at Lawrence school of Commerce the following year had arrived in the city.

One hundred seventy-two students had registered up to noon that day at Lawrence college. It was expected that the total enrollment that year would surpass the enrollment of all previous years.

Nearly 100 Oshkosh grocers were entertained by the Appleton Grocers association the previous evening.

John I. Beggs of the Wisconsin Traction, Light, Heat and Power company was in Appleton the previous day on a visit of inspection to the company's new power house.

Henry Forbach of the town of Grand Chute died that morning from injuries received the previous Saturday morning when he fell a distance of 20 feet while at work on his new residence.

## TEN YEARS AGO

Wednesday, Sept. 12, 1917

W. H. Kullen of Appleton, land commissioner of the Soo line, was one of the speakers at the Great Lakes wool convention at Chicago that day. He urged in his address the immediate adoption of 40,000,000 acres of uncultivated land in Wisconsin, Minnesota and Michigan to sheep raising.

It was thought that Germany and Austria might assent to a separate peace discussion with America in the reply to Pope Benedict's peace note.

Theodore Perc was elected chief ranger of the Catholic Order of Foresters at the annual election the previous evening in Forester hall. Other officers were: Patrick Feeley, vice chief ranger; John J. Pieler, speaker; Wenzel Hassman, recording secretary; John C. Ryan, financial secretary; Keller, treasurer; August Merkel, delegate for three years; J. E. Schaefer, delegate to the state forester convention; F. M. Bechman, alternate.

Roland Borse, 7, received a bad cut just above the eye at about 1 o'clock the previous afternoon at the corner of College-ave and Morrison-st. where he fell and his head struck a tea shooter which he and some other boys had been playing with and which had fallen to the sidewalk.

In an effort to have the entire county represented at a vast meeting at the great demonstration to be held on Monday, Sept. 17, National Army day, the executive committee planned to visit every village and city in the county to stimulate interest in the gathering.

At a tea given at the home of Mr. and Mrs. William Scheer, Prospect-ave, the previous afternoon the engagement of Miss Elizabeth Scheer and Robert L. Schaefer, delegate to the state forester convention, was announced.

Henry Schuetter, 5-year-old son of Mr. and Mrs. Henry Schuetter, Prospect-ave, was announced.

## PUBLIC MEN ON AND OFF THE STAGE

Few things are more interesting than to note the wide difference there usually exists between a public man as he is known through the newspapers and that same man revealing himself in personal contact. The difference is often almost ludicrous. An hour's personal contact will sometimes completely shatter a stock figure built up during a life time.

Many years ago I built up in my own mind an imaginary figure of Dr. Victor C. Vaughan, at that time dean of the medical department of the University of Michigan. There were certain circumstances that caused me to take a deep, an almost personal interest in the man, so much so that I tried to reproduce him in fiction, using his Christian name for his surname and calling him "Dr. Victor." I had never met Dr. Vaughan at that time and my portrait of him was wholly imaginary, based on the glimpses I had of him in printed matter. In other words, I know him only as he was staged for the general public.

About 1915 or 1916 I met Dr. Vaughan for the first time and in fifteen minutes I realized that my fictional portrait of him was ridiculous, that he had not caught one thousandth of the quality of the man, that in real life he was ten thousand times more fascinating than my picture of him, that in fact he was an entirely different kind of person than my mental image of him.

I have had that same experience many times since then, but in the case of Dr. Vaughan it provided a real shock. I was reminded of that recently when I read Dr. Vaughan's autobiography, "A Doctor's Memories," which I devoted another "Adventure" a few weeks ago. Had that book been available at the time when I was building up my mental picture of Dr. Vaughan I would have been saved from many mistakes.

As he reveals himself in this book he is as unlike the stock figure that might be labeled "Great Scientist" as is very well possible. Which is not at all the same as saying that he is not a great scientist, merely that he is a man first and foremost, that the scientist does not crowd out of the man. He is embarrassed when his host in England appears in formal dinner dress and he himself is in informal clothes. The world's mental picture of the figure labeled "Great Scientist" is a man stern and cold and aloof, to whom matters of correction are beneath consideration. He dresses up into his well-known black garb in Ann Arbor, a la nature in hot summer evenings and has his boys, also a la nature, play the hose up and down his backbone, he in turn doing the same for them. He serves as an alderman in his university city and enjoys it hugely. He keeps almost open house and welcomes young and old to his home, enjoys their friendship and takes great delight in all sorts of human contacts. He is at

home in the court room in murder trials in which he serves as an expert witness. He handles jokes, some of them practical ones, with the opposing attorneys and takes a boy's pleasure in outwitting his temporary opponents.

He travels all over the world, not primarily in his public character as a scientist but in his character as a human being, savoring to the full very much a man of the world in the best sense of that term, full of zest for vital living, forgetting that he is a scientist, never thinking of play ing up to his public character.

He goes soldiering in the Spanish American war and again in the World war and he takes an almost boyish delight in his uniform. He is so very human at all times, so very different from that mental label of "Great Scientist." Incidentally he is a great factor in revolutionizing military health methods but it is done humanly, not by the methods the public looks for in "Great Scientist." It is all delightful and human and in the highest sense revealing. Such a book should open many eyes.

## The Question Box

Information on almost any subject can be secured by sending questions to the Post-Crescent Information Bureau, Fredric J. Haskin, director, Washington, D. C.

The bureau does not answer questions pertaining to medicine nor does it express opinions on the merits of stocks and bonds. Send a 2-cent stamp or a stamped and self-addressed envelope with your question.

Q. Why does an airplane usually sidleslip down to land? H. L. L.

A. By sidleslipping to the ground, an airplane is able to land in a short or space as the inclined position of the plane retards the speed.

Q. How could the score for a football game have been 1 to 0? H. T. T.

A. It must have been a forfeited game for which the official score was 1 to 0 under the arbitrary rule.

## See-Sawing On Broadway

By Gilbert Swan

New York—Seen in the late hours of the morning, Coney Island is a tawdry thing of wood and plaster. It is like sobering in the morning from a "hard night" and wondering what strange quirk of your nature ever conceived the glittering illusion. It is like a plain woman who becomes fascinating once she has donned make-up and snappy attire.

In the late night hours, when the last gay lights of Luna and Steeplechase have winked out, there comes a sense of ocean chill and loneliness. Here and there a glow can be seen coming from a jazz band and, if you pass, you may catch a little music or a husky soprano warbling "Just like a butterfly caught in the rain." The words remind you to put up your coat collar and hurry on in search of a taxicab.

In the early morning the cleaners are about, reminding you how dirty are the human herds. They are going about the sands jabbing up sumpers with forked sticks and cleaning up the boardwalk. There is a distasteful hang-over odor of hot dogs and grease. The ocean breeze affords intermittent relief.

So this is "the world's playground," you say to yourself rather wishing that your curiosity had not led you there at such unseemly hours. Somehow all the allure has gone from the show fronts that once seemed so gay. The realization comes suddenly that Coney Island needs people. It is the crowd and its spirit that has been most of the picture. The rides become just skeletons of wood, the coasters are regally ugly—what made them vivid were the shouts of the riders and discord of the crowds.

They tell me this has been a bad year at Coney—in fact at all resorts. Even summer isn't what it used to be.

And the oldsters recall the days when one could parade from one beach hall to another, getting drinks and free lunch for a nickel. Today the veriest orange drink sets you back at least a dime and, if you wish to gamble with digestion, a dime or fifteen cents adds a hot dog that isn't as good as free lunch used to be.

In those days one could get a bathing suit and take a swim for two bits. Today a dollar is a minimum rate for a three by seven stall for changing clothes. Before one exits a two-spot has been kissed good-bye and, with one's girl along, a \$5 bill is about ruined before one enters the water.

due to the following incident, according to the record of the Church:

George Holland, a popular comedian, first appeared to refuse to bury died on December 20, 1870. The clergyman because he was an actor, but directed the applicant to the little church around the corner.

Dr. Houghton, then rector, immediately consented and his action in the matter drew many kindly feelings towards the Church, particularly from the part of members of the profession.

Q. In what business was J. Finley Shepard at the time of his marriage to Miss Helen Gould? B. S.

A. At the time of his marriage to Miss Gould in 1913 he was an executive and Vice President of the Missouri Pacific Railroad company.

Q. Where do the Ballantines hats come from? W. M. L.

A. Like the Bangkoks, they come from the Philippines. They are made of finer split fibers than the Bangkoks.

Q. What is the name given to a fear of confined places? A. H. K.

A. It is known as claustrophobia.

Q. What place is known as the "sauerkraut capital of Alsace"? E. M. F.

A. The village of Gelsolsheim.

Q. What is the name of the new monetary unit of Ecuador? F. M. G.

A. It is to be the sucre and will contain 0.300323 grains of fine gold. The new gold coins are to be unlimited legal tender for all debts, unless otherwise specifically provided by contract. The old gold coins are to be received in limited quantities by the government at the rate of 2.4325 times their face value for all debts, taxes and other dues.

Q. What is a pat hand in straight poker, and is four of a kind considered a pat hand? K. V. C.

A. Pat hands are those which are played without discarding or exchanging any of the cards originally dealt. Four of a kind might be a pat hand or its holder might draw one card to mislead other players.

# PUBLIC NOT AWARE OF WORK DONE BY SPECIAL DELIVERY

Extra Service by Postal Department Speeds Up Hurry Messages

Special delivery stamps and their exact value are not fully understood by the public as is frequently indicated at postoffices from questions asked concerning the stamps, according to a notice received at the local postoffice. The public does not fully appraise the exact value of the stamps on a letter or parcel and does not fully understand in just what instances it hastens the delivery and in what cases it makes no difference.

"A letter bearing a special delivery stamp has some advantage in practically all cases, but where such a letter arrives at the office of destination, after the last trip of the regular carrier in the afternoon, namely after 2 or 3 o'clock in the afternoon, the special delivery stamp provides a delivery that afternoon or evening up until 11 o'clock. Without such a stamp it would remain in the office until the first regular delivery the next business day morning."

**EXTRA ON HOLIDAYS**

"Then again, on some Saturday afternoons, Sundays and holidays including Christmas day, special delivery mail is specially delivered at once, although the general mail laws cover until the following regular business day when regular deliveries are resumed. It would seem reasonable that the public should pay extra for this extra service on Sunday, holidays and in the evening. In other words, the delivery service itself is practically continuous, but a greater charge is made for it on those days and during those hours when the regular service is over or suspended."

"Of course the sender of a letter or parcel does not always know at what hour it may arrive at the city of its destination and therefore can not always tell whether a special delivery stamp will facilitate its delivery or not; but when it doubt and where haste is important, a special delivery stamp should be used. There is no special financial advantage to the government in the sale of special delivery stamps, inasmuch as the delivery boys get 5c, 10c and 15c of the 10c, 15c and 20c special delivery postage; but the department is desirous that the public should understand how to use the mails and of what value a special delivery stamp is, in order that we may give satisfactory service. Receipts are taken by the special delivery carrier for special delivery mail, and this therefore furnishes some advantage in tracing the mail in the event of any misunderstanding or loss."

**HELD IN OFFICE**

Postmasters were asked not to hold special deliveries in the office too long, for enough to accumulate so that the special carrier will have a suitable trip. It may be that a very short time for accumulation, in order that the work of delivery may be organized, is justifiable but care should be taken that this time is not extended.

"Care should also be taken that the special delivery carrier make every possible effort to find the addressee."

Many patrons are under the impression that special delivery stamp entitles articles to more rapid transit before the mail reaches its destination. The Appleton postmaster said that the special delivery does not operate until the letter or package has reached its destination. Special handling stamps are made for mail when in transit.

## MAN FREED ON BOND AFTER ALLEGED THEFT

Preliminary hearing for Ellsworth Damon, Seymour, charged with stealing \$35 from the cash register at the filling station of Charles Row, Seymour, Saturday, Sept. 10, has been set for Sept. 27 by Judge Theodore Berg. Damon was arraigned in municipal court Tuesday morning. Bonds of \$500 were furnished by Julius Damon.

Row alleges that while he was putting gasoline into the automobile of Damon, he entered the filling station and purloined \$35 from the cash register. Undersheriff Otto Wickert arrested Damon Monday afternoon.

Miss Ellen Tuttrup has gone to Boston, Mass., where she is enrolled in the Simmons Secretarial school.

Mr. and Mrs. A. A. Gritzmacher, 1017 N. College-ave., returned Monday night from a ten day trip through northern Wisconsin.

## America's Constitution

No. 3

**EDITOR'S NOTE:** How fifty-five men met at Philadelphia to frame the constitution is told in this article, the third of Mr. Atwood's series of 12. Tomorrow: The Method of Its Making.

**BY HARRY ATWOOD**  
President, Constitution Anniversary Association

When the convention met at Philadelphia in the late spring of 1787, there was assembled a group of notables superior men from the standpoint of mental acumen, political understanding and moral courage. Their lives had been devoted largely to study and thought concerning government and to the rendering of service to the government. They were politically minded in the sense that Edison and Marconi are electrically minded, that Socrates and Emerson were philosophically minded, that Mozart and Mendelssohn were musically minded, that Newton and Kepler were scientifically minded.

Fifty-five delegates were in attendance at the convention, and thirty-nine of them signed the Constitution. Of the other sixteen, a number would have signed had they not been called home before the close of the convention by illness, pressing family matter or urgent business.

**FROM ALL WORKS**

Among the delegates were lawyers, physicians, merchants, financiers, educators, farmers, soldiers and statesmen.

More important than their special calling or profession, however, is the fact that the delegates were men of great natural ability and strength of character, devoted wholeheartedly to the cause of the nation.

It is interesting to note that twenty-five of the delegates were college graduates in those days when a college education was difficult to acquire.

The calling most numerously represented was the legal profession, which had thirty-one members, including several who were also judges. More than half of them had rendered distinguished military service during the Revolutionary War, and a number had served an apprenticeship in constitution-making for their various states.

**FRANKLIN THEN 81**

Benjamin Franklin of Pennsylvania, at 81 years of age, was the oldest delegate. He brought to the deliberations of the convention the ripe experience resulting from a long life of distinguished service to his country both at home and abroad and was the great harmonizing influence of the convention.

Jonathan Dayton of New Jersey, at 26 years of age was the youngest delegate. He later served in Congress as speaker of the house and as United States senator. Dayton, Ohio, was named in his memory.

George Washington was unanimously chosen as presiding officer. He was the great central figure of that epoch.

**HAMILTON CLOSE ADVISER**

Alexander Hamilton was Washington's closest adviser. At that time, only 30 years of age, he was an outstanding political genius and rendered great service as our first secretary of the treasury.

James Madison of Virginia was later president of the United States for two terms. He kept a record of the proceedings which have come to be known as the Madison Papers.

Oliver Ellsworth of Connecticut was afterwards United States senator and author of the first judiciary act and later chief justice of the United States supreme court by appointment at Washington.

Abraham Baldwin of Georgia was afterwards United States senator and founder and first president of the University of Georgia. Baldwin county in Georgia was named in his memory.

**MORRIS PROPHECY**

Governor Morris of Pennsylvania is said to have given the finishing stroke to the Constitution during the convention to have given utterance to the prophecy:

"The whole human race will be affected by the proceedings of this convention."

These are only a few of the many remarkable men who served in the

## IF THIS KEEPS ON WE WILL HAVE TO BELIEVE SANTA CLAUS IS REAL

Another pet illusion has been blasted! Rural mail carriers do not read post cards anymore if one is to believe the rural delivery veterans who travel out of the Appleton office. When asked why, the carriers said that with the advent of cars they don't have time. But, of course, during the winter they often drive horses for several days at a time and—well, what's to prevent a fellow from peeking once in awhile?

## COMPLETE WORK ON NEW CHEESE FACTORY

Construction of Shady Side cheese factory has been completed and Ben Krueger, proprietor at the factory, will move this week into the new dwelling attached to the building, it was announced. The old building burned to the ground last spring. Farmers in the district formed a co-operative company which built a new factory.

Business operations started several weeks ago but the dwelling part was not finished until this week. Mr. Krueger and his family have been living during the summer at the school house nearby.

## BEGIN CONSTRUCTION OF SUMMIT-ST SEWER

Construction of a sewer on Summit-st was started Tuesday morning by the Wilson Construction company. It will be necessary for the company to tunnel beneath the pavement for 40 feet at the intersection of Prospect-ave and Summit-st, in order to lay the sewer beneath the concrete. It is expected that digging of the tunnel will take three days. The entire sewer will be completed in from a week to ten days.

## SEASON FOR GROUSE WILL OPEN SEPT. 17

Squirrel and Rabbit Hunting Season Will Open First of October.

The four day season for prairie chicken and grouse will open this year on Sept. 17 and continue until Sept. 20 according to the state law. Some counties, however, are closed to prairie chicken hunters until the fall of 1928. The closed season for partridges is still in effect this year and will be until 1929. Shooting will then be allowed only in the odd-numbered years.

The deer season is Dec. 1 to 10 on even numbered years. Under this law deer hunters will be forced to wait until next year. A large number of counties in Wisconsin are closed to deer hunting.

Squirrel hunting begins Oct. 1 and continues until Jan. 1 with a bag limit of five each day. The rabbit season begins Oct. 1 and continues until Feb. 1 with a similar bag limit of five each day. The new rule affecting the use of dogs and their training, is as follows:

"No person carrying or being in possession of a gun shall run or use a dog or dogs in the field or upon lands frequented by game birds or upon which game birds may be found for a period of 10 days preceding the opening date for hunting prairie chickens and grouse."

## STATE REHABILITATION WORKER CONFERS HERE

John Lasher, state rehabilitation worker who is in charge of the work in the northern part of Wisconsin, is in Appleton for a few days to arrange training programs for disabled persons two wish to return to industry. He will be at the Appleton vocational school for conferences until Wednesday noon.

## RURAL SCHOOL WORK NEARING COMPLETION

Work on the Pleasant Dale school building will be finished this week, according to reports made by the community. Floors are being oiled this week in preparation for the opening of school.

The Woodlawn school is being plastered and the priming coat of paint is being put on the building. School will not open there until Oct. 1.

There are 15 square feet of skin on the average man.

Plans are still being made for the convention program and it is anticipated that state financial leaders and leaders in the building and loan field will be brought to Stevens Point to give talks before the several sessions. An attendance of 200 building and loan association officers from all parts of Wisconsin is anticipated.

## BALL TEAM GUESTS AT BONINI DINNER

Eighteen persons were in attendance at the dinner given for the members of the Bonini meat market baseball team at Hotel Northern Tuesday evening. The dinner was given by Louis Bonini, honoring the team which won the pennant in the Butcher's softball league. After the dinner plans for next year's team were discussed.

## SECOND WARD AROUSED BY SCREAMS TUESDAY

Residents of the Second ward near the corner of N. Superior-st and W. Pacific-st were aroused Tuesday noon by a series of screams in the vicinity and quite a crowd collected at the corner. The police department was notified and officers arrived on the scene but after a brief search of the neighborhood they returned to the station.

## HORSE SHEDS TORN DOWN AT GREENVILLE

Horse sheds at the Greenville grange hall have been torn down this week and probably will not be rebuilt, according to reports. The sheds were built close to highway 26 which was paved this summer. The ground purchased several feet of state on either side of the road, necessitating removal of the sheds. Since automobiles have largely replaced the use of horses, the sheds have been used to house the cars in cold weather.

## KAUKAUNA-LITTLE CHUTE-KIMBERLY

NEARBY  
TOWNSTHIRTEEN REGULARS  
FROM KAUKAUNA AT  
FOOTBALL PRACTICE

McAndrews Handicapped,  
However, by Loss of Two  
Valuable Men

Kaukauna—Thirteen regulars of the 1926 Kaukauna High school football squad have reported to Coach Harry "Pat" McAndrews for practice. They are: Byron Esker, "Babe" Hishon, W. Miller, "Red" Hishon, "Duke" Miller, "Ludie" Foster, "Crever" Miller, Robert Miller, Jack Hilgenberg, Harvey Doering, Richard Landreman and Richard Ferguson. Lester Bielek, another member of the 1926 football squad, has entered high school this fall. Bielek is a senior and should be a valuable addition to the team. Clifford Kemp was out for practice for a few days but he was forced to drop out when the leg he injured in a baseball game at Appleton late this summer started bothering him again. The loss of Kemp means a great deal to the Kaukauna coach for McAndrews will have to develop a new quarterback. Kemp has played substitute quarterback on the last two high school teams and should have had his best year this fall. It is probable that Kemp will be back later in the season.

Among the veterans lost to the team through graduation are Captain Norbert Nole, Thomas Mielinski, Jack Verbein, Alvin Kronfist, Hollis Whitman and Sylvester Lehner. Coach McAndrews expects the Oshkosh game to be played at the Sawdust City a week from Saturday. McAndrews expects to give the team about eight or ten plays for the Oshkosh game. The team will be on the field until the game most of the time will be taken in learning how to tackle and block and it is possible that no aerial attack will be developed until after the first few games.

DISBAND KAUKAUNA'S  
Y. M. C. A. BALL TEAM

Many Players Leave for  
School After Victorious  
Summer Season

Kaukauna—P. R. Maginnis, manager of the Kaukauna Y. M. C. A. Cubs, has announced that the team will not play any more games this year because many of the players are leaving for school this week or the following week. The team made an enviable record this summer, winning eight games and only losing two. These were to the Kellys of Green Bay and the Cubs of Appleton. Both of these teams were beaten by the Cubs later in the season.

Attempts were made to get the Kellys to come to Kaukauna to play off the deciding game as both of the other contests were played at Green Bay but it apparently looks as though the Green Bay organization is content to rest on laurels already won. L. Merens, star Cub pitcher, has won every one of his starts this season. The Kaukauna team has the best claim to the valley amateur title of any squad in the valley having defeated the strongest contenders in this valley including the Menasha Rounders, Cameron-Schultz of Appleton, Schlefer Hardware of Appleton, Kellys of Green Bay, Brillion, Chilton and Little Chute.

STOLEN AUTOMOBILE  
RECOVERED BY POLICE

Kaukauna—R. H. McCarty, Kaukauna chief of police, Monday reported the Ward, recently stolen from Antonio Sprangers of this city. The car was taken from the Brenner and Grebe fuel yards sometime last week by an Onondaga Indian. He drove the car north and not having any money, sold the spare tires to buy gasoline. He ran out of gasoline money at Pulaski and had a flat tire. He abandoned the car in that village last Saturday and he was seen taking a train out of Pulaski. The Pulaski police immediately notified Mr. McCarty and he went after the car on Monday. Outside of the spare tires being sold there was no damage done to the car.

MULFORD'S SOFTBALL  
TEAM WINS HARD GAME

Kaukauna—Mulford's softball team won a 13 to 12 game from the hard-hitting Electricians in a Kaukauna Soft Ball league game at the municipal playgrounds Tuesday evening. On Monday night Thilmany and Andrews Oils fought to an 8 to 5 tie, darkness finally stopping the game. Brenzel pitched for Thilmany and Minkebeck worked for the Oils. Wednesday night the two league leaders, Hornum and the Valleybears, will battle for the right to play in the championship series. Both teams are tied for first place in the league.

The Post-Crescent's representative at Kaukauna is Gordon Patton. His telephone numbers are 298 J and 10. Business with The Post-Crescent may be transacted through Mr. Patton.

SUN RISES AT 5:10  
FRIDAY; HUNTERS ARE  
SET FOR GREAT DAY

Kaukauna—Many out-of-town hunters have been in the city during the last few days looking over the many ducks now below the government dam. A large number of the hunters are planning on being in Kaukauna for the opening of the duck hunting season at sunrise Friday morning. According to L. C. Wolf, local city clerk, the sun will rise at 5:10 on that morning and hunters are cautioned not to start shooting earlier. Kaukauna hunters believe there will be a mad scramble for the choice points on the river and many are planning on going down to the river early to be sure of their favorite spot. R. H. McCarty, local chief of police, has again cautioned hunters not to do any shooting between the government dam and the Pulaski mill. Any found shooting in this territory will be arrested, the chief said.

MILWAUKEE KROMERS  
TO PLAY KAUKAUNA

Five League Games Remain  
To Be Played by Les Smith's  
Team

Kaukauna—Sunday is an off day for the Kaukauna valley leagues, the team having drawn a bye in the day's schedule of Fox River Valley league games. Instead of giving his team a rest on that day, Manager Les Smith has decided to have the Milwaukee Kromers come to Kaukauna and play the Kaws.

The Kromers, managed by George "Stormy" Kromer have captured the Lake Shore league championships. Kromer has several Southwestern league, in the lineup and the team has been playing a fine class of ball. Included in the lineup is a team of Kimberly, pitcher and outfielder of repute. This feature alone is expected to attract many fans from Appleton, Kimberly and Little Chute who know Poca.

"Stormy" has argued all summer that his squad could beat the local valley leagues easily and now he will have an opportunity to demonstrate. Only five more valley league games remain on the Kaw schedule. These are with Oshkosh, Kimberly, Appleton and Neenah. The Kaws will meet Oshkosh, playing off a game postponed earlier in the season. Oshkosh and the Kimberly show the Kaukauna and the Kaws in the five games will show the Electricians out of the cellar. At present the squad is one game below the sixth place Neenah team.

## Social Items

Kaukauna—Miss Elizabeth Wilson of Appleton entertained at one o'clock luncheon at the Hotel Northern on Tuesday afternoon in honor of Miss Agnes Hill of Monrovia, Cal. Those from Kaukauna who attended the luncheon were Mrs. H. S. Cooke, Mrs. William Ashe and Mrs. T. Parker Hilborne.

A regular meeting of the Fox River review of the Women's Benefit association was held Monday evening in Odd Fellow's hall on Second St. A social hour followed the business meeting.

The W. C. T. U. will meet at the club rooms in the Public Library building at 230 Friday afternoon. Delegates will be elected to the district W. C. T. U. convention to be held at Green Bay on Saturday, Sept. 23.

The Royal Neighbors of America society held its regular meeting Tuesday evening in the club rooms on Second St. Business was transacted at the meeting after which a social hour was enjoyed by the members of the organization.

ANNOUNCE LIBRARY'S  
SCHEDULE FOR FALL

Kaukauna—A new schedule of opening and closing hours at the public library were announced Tuesday afternoon by Miss Hornbrook, librarian. The library will open from 10 to 12 o'clock in the morning and from 12 to 6 o'clock in the afternoon, daily except Sunday. On Monday, Wednesday and Saturday evenings the library will remain open from 7 to 9 o'clock.

38 HUNTING LICENSES  
ISSUED AT KAUKAUNA

Kaukauna—Jacob Miller has the honor of having the first hunting license issued by L. C. Wolf, city clerk, this fall. His license was issued a few days ago. To date 35 hunters have made application for hunting licenses and have received them. A general rush is expected by Mr. Wolf from now until the opening of the hunting season on Friday.

## KAUKAUNA PERSONALS

Kaukauna—Oliver Miller returned to the University of Wisconsin Wednesday after spending the summer with his parents. Mr. and Mrs. Fred Grimmer, Harvey Dix left Tuesday for the Reformed mission college at Plymouth, where he will study for the ministry. Carl Grimm and Alfred Grimm have returned to Plymouth where they are students in the Reformed mission college.

CHILTON MAN BADLY  
HURT IN ACCIDENT  
AT MALTING PLANT

Ferdinand Flemming Suffers  
10 Fractures When Caught  
in Rope Around Drum

Special to Post-Crescent  
Chilton—Caught in a rope and pulled up against a drum around which the rope was being wound, Ferdinand Flemming, 38, a laborer, suffered 10 fractures to his body about 5:30 Tuesday morning at the Chilton Malting Co. His left leg, right arm and collar bone were fractured in a number of places. The injured man was taken to a Fond du Lac hospital.

Had it not been for prompt action on the part of Max Casper, owner of the malting company, Flemming probably would have been killed. The engineer discovered Flemming's plight almost as soon as the latter became entangled in the rope, and turned off the power connecting the drum.

With several other employees, Mr. Flemming was unloading barley. A loop in a rope caught hold of the workman's foot and drew him up against the drum, where he was crushed by ropes and chains.

The ladies of New Holstein Eastern Star entertained at a card party at the dining park Tuesday afternoon, about thirty tables being in play. Bridge, 500, and schafkopf were played. A large delegation of Chilton people attended, among them being Mesdames Selma Haessley, William Stauss, Arthur Jensen, John Gossage, Melvin Gerlach, Edmund Arp, H. F. Mrs. Earl Grotzinger, A. P. HOLY NAME PARISH IN  
ANNUAL PILGRIMAGE

Kimberly—Holy Name parish held its annual pilgrimage to the shrine at Robinsonville Sunday. A high mass was sung at the chapel at 10 o'clock and a procession was held at 1 o'clock. About seventy-five cars of parish members made the pilgrimage. Mrs. H. W. Langenberg entertained at a luncheon at her home in honor of Mrs. H. Lillyroot. Schafkopf was played and prizes were won by Mrs. T. Courchano, Mrs. A. Gosh and Mrs. T. Wydenven. About ten women were present. Mrs. Lillyroot, who was formerly Miss Hymenith Van Abe, was married to Harvey Lillyroot a short time ago.

The local branch of the Women's Catholic Order of Foresters will hold a regular monthly meeting Thursday evening at the clubhouse.

Mr. and Mrs. Peter M. Vander Velden and family moved Saturday to Niagara, Wis. Mr. Vander Velden, who was superintendent of the sulphite department of the local Kimberly-Clark mill, has been transferred to the mill at Niagara where he will hold the same position as in the local mill. He was preceded with several gifts by his fellow employees Friday noon at the clubhouse.

Appleton Student To Be  
U. Of W. Freshman Advisor

Madison—(AP)—The faculty advisors who have previously met freshmen male students of the University of Wisconsin to advise them is to be replaced this year by a committee of five graduate students, alumni of the class of 1927.

The new plan will be tried out during the coming academic year. The advisors will instruct new students who are in general courses leading to Bachelor of Arts and bachelor of philosophy degrees.

The graduate student will do half time study and devote half their time to administrative duties. Each of the advisors will have charge of from 125 to 150 freshmen, the whole staff advising some 700.

The advisors will help their charges in September to select their programs of study, advise them from time to time in regard to adjustment to university conditions, warn them in regard to poor work, and encourage them as they progress—in general, give the benefit of their knowledge and experience to the freshmen.

The plan is, at least in its experimental stage, the outgrowth of considerable reflection and observation on the part of Prof. F. W. Roe who has been serving as junior dean of the college for many years. Dean Roe is now returning to full time teaching, and the project will be under the general supervision of Prof. Harry Glicksman, for several years assistant dean, who now becomes junior dean.

The new administrative assistants will be given office accommodations in South hall near the office of the junior dean and frequent conferences between Dean Glicksman and the five advisors will be held. At these conferences impressions will be exchanged both as to general conditions and as to individual students.

It is expected that the project will, when it is in full operation, throw new light on the problems connected with the transition from high school to college, and it is hoped that it is successful during the first year it may

latter be extended to include the advising of even a larger number of freshmen.

Four members of the advisory staff will be Elmer Beth, Two Rivers; Harry Schuck, Slinger; George C. Johnson, Kenosha; and J. Alden Behnke, Appleton. The fifth will be selected in a few days.

AUXILIARY ELECTS OFFICIALS FOR YEAR

Mrs. D. Matthewson Is President of Hortonville Legion Organization

Special to Post-Crescent  
Hortonville—The Hammond-Schmitt post American legion auxiliary met Thursday evening in their club rooms. The election of officers was the chief business of the meeting. Following officers were elected: President, Mrs. D. Matthewson; first vice president, Mrs. L. A. Carroll; second vice president, Mrs. A. Wilkes; treasurer, Emma Marsche. Officers appointed by the new president were: secretary, Mrs. Leland Daberner, and chaplain, Mrs. James McMeekin. The legion and its auxiliary are making plans to hold a joint open meeting in the near future to dedicate the new flag of both organizations.

Aloysius Gitter left Monday night to resume the last year of his studies at St. Johns seminary at Collegeville, Minn. In the spring he will be ordained a priest.

Mark Mallison visited relatives at Chippewa Falls and attended the fair in that city last week.

Lawrence and Eleanor Schuch visited their sister, Mrs. W. Everts, at Lebanon Sunday.

Dr. and Mrs. M. E. Rideout and children returned Thursday from a trip to Rochester and other Minnesota cities. While at Rochester they were guests at the home of Dr. William Bransch who is a member of the Mayo Clinic staff. Dr. Rideout and Dr. Bransch were high school classmates.

Mr. and Mrs. Proheiske and Mr. and Mrs. Pietz of Milwaukee, were weekend guests at the John Neinenhuis, Sr. home.

END CANNING SEASON  
The Fox Valley Canning company finished the canning of strong beans for this season, Monday. On Tuesday the firm began cutting of cabbage for sauerkraut.

Schools of the village begun their years work Monday. The opening of school was postponed a week, as the boys and girls were engaged at picking beans.

Following were guests at the home of Mr. and Mrs. Wenzel Gitter last week: Geraldine and Colitta Klein of Chicago, Frank Franchant of Menasha, and Theresa Brunner of Milwaukee.

Alfred Self, who is in the United States Navy and who for the past few weeks has been visiting relatives and friends in the village, returned Saturday to Bremerton, Wash., where his ship, the U. S. S. West Virginia, is stationed.

Howard Mace and Thomas Davis entered the Oshkosh Normal school Wednesday.

Mr. and Mrs. Ervyn Bryer and daughter, Betty Jane, called on relatives in the village Sunday.

Mr. and Mrs. Joseph Kohl of Appleton, were weekend guests at the home of Mrs. Kohl's parents, Mr. and Mrs. John Neinenhuis, Sr.

The Rev. Theodore Kolbe visited at Green Bay Wednesday.

Mr. and Mrs. Arthur Collar and family called at the home of Mr. and Mrs. Alfred Anderson of South Greenville Sunday.

EDNA MIELKE TO BECOME BRIDE AT BLACK CREEK

Black Creek—Miss Edna Mielke and Ray Nagreen of Leeman, will be married at 8 o'clock Wednesday evening at St. John church. The Rev. P. Beecken will perform the ceremony. Attendants will be Miss Francis Nagreen of Appleton, Miss Dora Radtke of Clintonville, and Earl and Lawrence Mielke. Little Helen Kluge of Appleton, will act as flower girl. A dinner will be served at the home of the bride's parents, Mr. and Mrs. Herman Mielke, route 3, for the immediate relatives.

Mr. and Mrs. Nagreen will make their home with the bridegroom's father, Orlando Nagreen of Leeman.

The average American husband spends more each year for clothes than his wife, according to the United States Department of Labor. It is \$63.57 for the woman and \$71.38 for the man.

Your Question And Its Answer

By J. A. PANNECK, D. C. Your Chiropractor of Course

Question—"I am a woman of thirty-nine and need advice. Am not at all strong, hardly able to do my housework, no appetite, rest poorly at night, have headaches and my back aches across the hips. Will adjustments be alright considering my symptoms?"

Answer—"With such symptoms as you have named, why continue to neglect your health? Reliable, trustworthy advice result from thorough training and experience in the Druggists Science of Chiropractic is at your service to solve your health problems, thus insuring you both health and happiness. Spinal Adjustments offer you a systematic, practical, mechanical and exact method of restoring you to health. There is nothing about your case, as you have presented it, that should make you feel that hope is gone. We advise an immediate spinal examination to reveal what is causing your extreme weakness.

Question—"What is that instrument you are using in your practice, which people say is so wonderful?"

Answer—"A newly invented instrument which enables me to locate nerves that are under pressure and obtain the degree of pressure positively and accurately. Until the production of this instrument we were compelled to depend upon our sense of touch in locating impinged nerves. The best at times would fail to locate the proper nerve. This instrument enables me to be certain in my work. It proves that nerves can be impinged. It proves the theory of chiropractic.

# CRIPPLED APPLETON SQUAD FACES OLD RIVAL SUNDAY

## Ashman, Backstop, Lost To Team As School Opens; Reffke Still Out Of Play

Bill Last May Return to Catching Duties; Stoffel, Boyle, Crowe, Pitchers

### How They Stand

STANDINGS	W.	L.	Pct.

Green Bay	13	8	.619
Oshkosh	9	9	.500
APPLETON	9	9	.500

Neenah	6	12	.333
Kaukauna	5	14	.263

### OSHKOSH AT APPLETON

Kimberly at Menasha.

Neenah at Green Bay.

Kaukauna, bye.

Appleton's "off and on" baseball team of the Fox River Valley league, which has been off just half the time so far this season and "on" the rest, will face the Oshkosh crew, an old rival, here Sunday with a crippled lineup in the battery department.

Ashman, considered one of the best if not the best backstop in the loop, has returned to his studies at Miami university, Fla., and Reffke still is bothered by an injured finger.

Bill Last, veteran catcher and utility infielder, who worked well at third base before Schultz and Brantly joined the squad, may be the catching choice if his services can be secured. Bill has not been out in a suit for several weeks due to an operation. Otherwise the team will have to take the great handicap of using a utility man behind the platter.

With Reffke out the mound job is left to Boyle and Crowe, both of whom hurled last Sunday, and Stoffel, a green hurler from the intercounty loop, whom the local management hopes to get O. K.'d by Sunday. These lads are facing one of the powerful bat outfits in the loop in the Oshkosh squad.

**TO TRY YOUNGSTERS**  
The management is attempting to build up a good squad for next year now that the season is about over with no chance of a pennant here and to this end a number of youngsters may be tried. Stoffel may be the starting hurler and he will at least pitch part of the game, it is thought. Any other local youngster who would like a tryout and thinks he can make the grade, has been asked to get in touch with the management for a chance yet this season.

One thing Appleton can do by a win from Oshkosh is to take third place undisputed for the time being unless Menasha does the unexpected. The Pails, tied with Oshkosh and Appleton for the notch, entertain Kimberly at Menasha. Green Bay's forlorn pennant hopes hit Neenah at Neenah on is on, to give the winner of the Appleton-Oshkosh battle still a slim chance to finish second in the loop. Noel's slow ball and headwork probably will be pitted against Appleton as Gietzen's smoker has not seemed to phase the locals all year.

**MUNN-GODFREY BOUT MAY SHOW CONTENDER**  
New York—(AP)—In a heavyweight battle which has been regarded by some as likely to determine a logical contender George Godfrey, Philadelphia giant negro, will oppose Monte Munn of Lincoln, Neb., over the 12-round at Ebbets field Wednesday night.

Godfrey arrived in New York Tuesday from San Francisco after four days on the train. He rigged up his gymnasium equipment in a baggage car enroute, boxed daily with a sparring partner, and was ready to meet Munn with two trainers shortly after his arrival.

Munn is one of the few fighters who have been willing to meet Godfrey.

## Nearly 10,000 Wisconsin Youths 'Enjoy' Grid Work

Marquette—(AP)—Wisconsin football gridirons are now proving a magnet for the hearts and cleated shoes of nearly ten thousand Wisconsin boys.

With school started in all sections of the state, Paul F. Neversman, secretary of the Wisconsin Interscholastic Athletic Association estimates that more than 9,000 representatives of approximately 200 high schools will soon be centering their thoughts on the word "out."

The high school athletic association executive officer issued a word of warning to school officials in connection with opening of the prep skirmishes on white-lined fields. He said that the game "is a great one for the youth of the state," but that "there are a few factors which every thoughtful and conscientious principal will give earnest consideration." If this consideration is given, he added, and the principals of the high schools where football teams are maintained then use their best judgment "the future of the game is secure."

**8 GAME MAXIMUM**  
The first problem, said Mr. Neversman, "is that of a schedule. No high school team should play more than eight games. This should be the absolute maximum. Seven would be sufficient. A large majority of the colleges and universities limit their schedules to the above number."

The schedule should be so arranged that the team is not required to be away from school. Two and three days absences are absolutely uncalled for. Football games are strenuous and while the time from school can be made up, the physical strain upon the boys is too great. Especially should the long trips by bus be avoided. Every fall some boys are killed in bus accidents. This toll is not necessary.

While this is difficult in many cases because of the expense, an effort should at least be made to eliminate

**FRANK WALSH FAILS TO APPEAR IN MEET**

Chicago—(AP)—It took better golf than par to gain the first two positions Tuesday in the initial 36 holes of the Chicago open golf championship, and the man in second position had to break up the superstition about thirteen to attain that standing.

Harry Cooper of Los Angeles showed the way with a score of 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

**WHERE WAS FRANK?**  
J. Monroe Hunter of Milwaukee, the only Badger contender for the championship, turned in a good card of 154 in the first 36 holes of play. Frank Walsh and Douglas Brooks, scheduled to start, failed to appear on the scene Tuesday morning. In the forenoon play Hunter went out in 40 and came in 32, both four over par.

The home town officials and to secure impartial men.

"No boy should be allowed to compete unless he is physically fit and trained for the game. No boy should be issued an outfit until after he has been thoroughly examined by a physician."

"Proper equipment is essential to safety of the boys. A school which cannot provide such equipment has no business to maintain a team for inter-scholastic competition."

"Every principal should know the rules of eligibility and should see that only boys who measure up in every way are allowed to compete. This may often test the backbone of the principal, but adherence to this requirement is essential to the welfare of athletes and the entire school."

**NEED CHAPERONES**  
"Principals should also do their best to see that students attending contests in other cities where their team competes are properly chaperoned. This, of course, is difficult, but some thought and attention should be given to the problem."

"No school should allow the candidates for the football team special privileges as far as early dismissal from school is concerned."

"Every team should be coached to win as that is the objective of the game, but boys and the school as a whole should be taught that for every winner there must be a good loser and that there may be more honor in losing than in winning. Teach the boys to play the game hard but fair. Good sportsmanship is far more valuable than the mere winning of a game."

"The 1927 Wisconsin high school season will be successful from the standpoint of team competition, boys participating, number of spectators, but it should also be just as successful from the standpoint of real benefit to the boys, physically, mentally and morally."

### BOOTING AWAY

PAUL SCULL

Penn will have no punting problem this season, not with Paul Scull, its great punter of last season, back on the job early. Here's Scull, with an outfit befitting the warm days of early September, showing Coach Lou Young that he can boot 'em just as far and wide and handsome as he did last year.

### Dave's Dots And Dashes

Appleton high school will win the Valley conference grid title this year, if a guess made by a Manitowoc sport scribe is correct, though the writer qualifies his statement as merely a guess saying, "We'll take a long chance, just a guess, mind you by saying the teams will follow in this order. As a protective measure we'll repeat that this practice is sport for the most part and only our individual prediction." His batting order is Appleton, Marinette, West, East, Manitowoc, Oshkosh, Fond du Lac.

The rest of his statement also is worthy of notes as he tells that the pre-season dope usually is off when the year ends and the team picked to win may be as low as third just by one loss on bad breaks such as the Orange got last year at Fondy. We believe in that too and that no title is ever won on paper. The weakest team can whip the strongest sometimes, especially on a muddy field with a slippery ball and fumbles deciding the game. This may happen to Appleton, though we hope not, and none of the players should consider a game won until that final whistle blows if they intend to really make a bid for the bunting this year.

Here's the Manitowoc dope: "Manufacturing" a lot of pre-season dope is always great indoor sport. Most of it, in fact, is more interesting than it should be for as a rule, the early predictions suffer breakdowns, and prove little more than a lot of wind. On rare occasions does it run true to prophecy. Taking up the matter of the coming season in the Fox River Valley conference, there are no hard and fast facts on which to rely.

Because Marinette and the two Green Bay teams have generally put out good, strong outfits does not mean they are going to do so again. Nor can one say that Fond du Lac, Oshkosh and Manitowoc are not to be feared because those teams have proved differently in other seasons. It is possible, however, to discriminate to a certain extent. Marinette will have a good team so will Appleton. The Boys never have much to say before the season opens but always have a large stock of material to pick from and for that reason can be expected to turn out good teams. Sheboygan has no real facilities or could be depended upon to produce better teams than have been sent out from there. Oshkosh is rather erratic as a rule while Appleton, on the other hand, is quite consistent and has shown a decided change for the better in the last few years. They aren't looking for much from Manitowoc this season as has been the case in other years.

Just to get in the running we're going to hazard a "mere guess" but we're going to take one fact into consideration in so doing. That is the number of ties in Valley conference football which cannot be eliminated from the record. West and Marinette tied for first, though the Boys had one tie game, which should have been a loss, from Appleton. Appleton and East tied for second. The game schedule is such as to make it that way. Therefore our guess will be Appleton and East Green Bay tied for first and West and Marinette for third, followed by Oshkosh, Manitowoc and Fondy. Unless Appleton plays real ball we give East an edge to break that tie.

**YANKS CINCH BANNER WITH 3 WEEKS TO GO**

New York—(AP)—For the fifth time since Miller Huggins became manager in 1918 the New York Yankees have captured the American league baseball championship. When the team defeated Cleveland Tuesday in both games of a double header it clinched its position.

Babe Ruth made his fifty-first home run of the season in the first contest and his fifty-second in the wind-up. The Yanks won by 4-2 scores in each game.

### PICK OFFICIALS FOR ORANGE GRID GAMES FOR SEASON

Radtke of Milwaukee; Stangel of Manitowoc Each Have Two Local Games

Only two officials will handle more than one Appleton high school football game this fall and only one of these has more than one Orange game in the Valley conference, according to the official schedule completed by conference officers last week. Radtke, Milwaukee is the only man to referee two Appleton conference battles. He has the Sheboygan game here on Oct. 22 and the Manitowoc game there the following Saturday.

Stangel of Manitowoc has the Appleton-Fond du Lac game here on Oct. 1 and the Kaukauna-Appleton game here on Nov. 15. Other men who will handle the main whistle for Appleton are Dyer, Flannigan of Escanaba, Wyman of Oshkosh, Doyle of Menominee, who handled the Appleton-West game so well last year, and Doehling, Ripon college grid coach. Flannigan, Wyman and Doyle have the important games with Marinette, East and West, respectively. Peters of Manitowoc is umpire or headlinesman for five of seven Orange conference battles.

Four Appleton men will handle parts in Valley games this year and Warren Wright of Oshkosh, here last year, also will have some. Myrtle Basing former Lawrence athlete, and Vernon Witte of Roosevelt high school, have referee jobs, with George Christoph, Lawrence frosh athletic mentor, John "Jake" Zussman, former Blue athlete, and Wright having umpire and headlinesmen jobs. One of Basing's jobs is Manitowoc vs Fond du Lac and one of Witte's is West Green Bay vs Fondy.

The official list for Appleton games: Sept. 24—Appleton at Waupun, Dyer, referee; Lowman, Wisconsin, umpire.

Oct. 1—Fond du Lac at Appleton, Stengel, Manitowoc, referee; Hancock, Oshkosh Normal, umpire; Peters, Manitowoc, head linesman.

Oct. 8—Appleton at Marinette, Flannigan, Escanaba; Peters; Doyle, Menominee.

Oct. 15—East Green Bay at Appleton, Wyman; Oshkosh; Stangel; Peters.

Oct. 22—Sheboygan at Appleton, Radtke, Milwaukee; Westphal, Green Bay; Peters.

Oct. 29—Appleton at Manitowoc, Radtke; Mee, Sheboygan; Bray, Sheboygan.

Nov. 5—Appleton at West Green Bay, Doyle; Hancock; Hertel, Manitowoc.

Nov. 12—Kaukauna at Appleton, Stangel; umpire not announced; Smith, Oconto.

Nov. 24—Appleton at Oshkosh, Doehling, Ripon college; Stangel; Peters.

**COLTRIN OF CALIFORNIA**

Berkeley—Most surprised were California alumni when they learned that modest Fritz Coltrin, a lineman, had been selected to captain the 1927 Golden Bears.

"Let's see, this Coltrin is a tackle, to be sure. Perhaps he will make a good captain, but you know you seldom notice these linemen much," was the way one put it.

But to those who really understood, Coltrin's election as captain was no surprise. It was as they wished, for Coltrin is deserving of the honor. Coltrin has been the versatile man of the California line for the past two years. He has been shifted about constantly, from guard to tackle and from one side of the line to the other. Wherever he played, however, he played well.

The California captain is a huge one physically, weighing more than 200 pounds in playing condition. He is 6 feet 2 inches in height.

The Golden Bears are termed the mystery team of the Pacific coast this season. Although they finished at the bottom of the conference last year, they look, on paper, to be one of the best teams that will campaign this fall. They're well worth watching.

### BIG TEN GRID SCHEDULE DISTRIBUTED BY PAPER

Copies of the Big Ten gridiron schedule for 1927, which appeared recently on the sport page of the Post-Crescent, have been made for ready reference of football fans of Appleton. They can be secured at the main office while they last. There is a limited supply, so that it will be a case of "first come, first served" or "get them while they last."

### POST OFFICE SQUAD LOSES AT GREEN BAY

Green Bay—The Green Bay postoffice team defeated the Appleton P. O. team at Bay Beach by a score of 31-5. The battery for the Appleton nine was Schneider and Zelger and for Green Bay, Hettig and Des Jardens. After the game dinner was served in the Bay Beach dining room.

Indianapolis—Red Uhlan, Los Angeles, outpunted Jack "Chief" Schick, Pueblo, Colo., (10).

### LEADING SPEED STARS IN MILWAUKEE RACES

Milwaukee—Frank Lockhart, who recently captured the 200 mile Altona classic in record time, will top a field of America's leading stars, who will meet in a sanctioned A. A. A. meet at the State Fair Park, Milwaukee, Sunday, Oct. 2. Pete De Paolo, Ralph De Palma, Leon Duray, Dave Lewis, Flash Souders, winner of the last Indianapolis race, and many other kings of the board and track also are entered.

The meet, the most pretentious event scheduled in Wisconsin, will be conducted by a group of thirty Milwaukee sportsmen, who are anxious to revive three A. A. A. races in the middle west. A purse of \$1,000 has been hung up for the event, and money is expected to raise prize list to \$7,500.

Newark, N. J.—Pete Nebo, 1st Fla., won over Frankie Fink, 1st (10).

# Powerful Evidence "It's Toasted" gives Lucky Strikes the finest flavor and protects the throat

What 11,105\* doctors write about smoking

WHAT is the quality that Tito Schipa, Jeanne Gordon, Clarence Whitehill, Nina Morgana, Frank Keenan, Ezio Pinza, William Hodge, Laura Hope Crews and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delight-

ful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105 doctors answered this question "YES."

Consider what these figures mean; consider that they represent the opinion and experience of doctors, those whose business it is to know.

William Hodge, Favorite Actor of the Stage, writes:

"Until I began to smoke Lucky Strike cigarettes, I had to limit my pleasure in smoking. Now I smoke Lucky Strikes exclusively. My voice, my throat are never affected."

**BEGIN HERE TODAY**  
JERRY MACKLYN, advertising manager for the Peach Bloom Cosmetics Co., gets the consent of his secretary, VERA CAMERON, to transform her into a beauty only after she sees and falls instantly in love with a man who ignores her. Jerry proposes to publish her photographs in Peach Bloom advertising booklets.

In refashioning her, the beauty specialist uses a picture, which Jerry finds in his desk. Vera, also known as Vee-Vee, is so beautiful after the transformation that Jerry falls in love with her. His love continues even after he learns from her slightly jealous aunt, FLORA CARTRIGHT, with whom she lives, that Vera is to spend her vacation at Lake Minnetonka, hoping to meet the man she is in love with.

At the Minnetonka, Vera is treated with deference and awe. SCHUYLER SMYTHE, the man she is in love with, assures her he met her in Palm Beach five years before. Her attempts to convince people of her true identity are unsuccessful.

During a ride with Smythe, Vera learns some facts about the woman she is mistaken for. She learns there was a marriage to a title, millions because she sees Schuyler is in love with the girl he thinks she is, she finds frank confession impossible. At an inn where they join acquaintances, Vera learns the woman for whom she is mistaken is named Vivian. At the hotel she decides to open a letter which Jerry gave her with the advice that it was to be opened only in case she found herself "in a jam."

## NOW GO ON WITH THE STORY CHAPTER XIX

The sight of Jerry Macklyn's bold, black, angular handwriting on the large sheets of office stationery which Vee-Vee unfolded caused her a tiny pang of homesickness. Dear Jerry! The thought flicked through her mind as her eyes swept over the sheet before they started to read; then excitement blotted out the image of Jerry. For, characteristically Jerry jumped into the heart of his subject:

"Dear Vee-Vee: I'm scared stiff. Gosh, how could I know whose picture I was copying when I played Pygmalion for my bespectacled private secretary? There wasn't any caption on the darn thing, and I lay it all to her blamed green eyes. Just the color of yours. Vee-Vee, you darned little natural-born vamp that was about to miss her calling! Well, I found out after you got your hair bobbed just like hers—and I'll bet there is not another bob in the world just like yours and hers. But then it was too late to change you and I thought I'd let it ride without telling you. No use to get you all stirred up, I figured. I thought I'd be able to persuade you to keep out of trouble's way by becoming Mrs. Jerry Macklyn, but when nothing would do you but to chase off to Lake Minnetonka in quest of a shiek, I knew I'd better warn you, especially in light of recent developments."

"Why doesn't he tell me who I am?" Vee-Vee scolded. She read on, her green eyes wide and avid: "When I read the enclosed story in one of the scandal sheets today, after I'd left you this evening, I knew I didn't have any time to lose. The likeness is too startling to miss, causing a small riot, you'll see by the enclosed clippings that you are an almost exact duplicate of the famous Vivian Crandall. Can you beat it? The initials are the same, too! She's the American heiress, worth forty millions or so in her own right, to say nothing of what she'll get when her daddy croaks. Maybe you remember that the luscious Vivian was married off to a Russian prince by her title-worshipping mama about four years ago. But you can read the whole story in the enclosed clippings."

"We look almost exactly alike," but there is a difference," Vee-Vee decided, "a difference in soul, perhaps." She turned to the mirror to study her own face alternately with the portrait in her hand. "She looks as if she had been through a rather terrible hell and refused to be broken by it. I like you, Vivian Crandall. I don't care what you've done! And—I don't blame Schuyler Smythe for having loved you for five years."

She dropped the print of the painted portrait to the top of her dressing table and drew the news clippings out of the envelope. Odd that she had missed the entire story in the papers! But she only read the most conservative, staid papers and never wasted a moment on scandal, the doings of society or criminal stories. She arranged the unfolded clippings

on the dressing table, glanced at the sensational headlines: CRANDALL HEIRESS DIVORCES PRINCE VIVIAN CRANDALL RENOUNCES TITLE FOR LOVE PRINCESS NOW PLAIN MISS CRAN-

ALLY Vee-Vee dimpled at that last—"Princess now plain Miss Crandall." Plain? PRINCESS VIVIAN DISAPPEARS AFTER ROW WITH FAMIL-

ILY PRINCE IVAN SAILS FOR NEW YORK: WILL ATTEMPT RECONCILIATION WITH PRINCESS VIVIAN, NEE CRANDALL, WHO DIVORCED HIM IN PARIS. LOVE NEST HINTED IN CRANDALL HEIRESS' DISAPPEARANCE

She glanced hastily at one of the news stories, conscious that time was passing rapidly and that Schuyler would be awaiting her impatiently. She had promised to join him at half-past seven, to dine with him. The story, a signed one, undoubtedly clipped from the society columns of one of the more sensational morning papers, was written in that familiar, chatty style which she supposed to be the doing of the hot polio who knew of society's doings only through the newspapers:

"I told you so! Pardon me for again committing the social faux pas of bragging, but I must remind my readers that I predicted, as long ago as last December, in the issue of December 19, to be exact—that the beautiful Vivian, affectionately known in Newport, New York and Palm Beach society, before she became a princess as Vee-Vee, would not be willing much longer to pay the bills which her Russian husband, Prince Ivan, has such a talent for running up. A blond charmer in Vienna, a Juno in Rome, and a cabaret cutie in Paris proved to be a little too much for one red-blooded American heiress to stand for—or rather, to support, and, just as I predicted, the long-suffering princess took her troubles to the Seine tribunal and has received quick redress therefor. The only title to which the fair Vee-Vee is now entitled is that of dollar princess, and since her fortune, which her father, the sagacious Rufus Crandall, shrewdly protected for her, amounts to a cool and fairly adequate forty millions, she is certainly entitled to that tag of royalty."

Society's tongue is wagging busily today, recalling the magnificent ceremony at St. Luke's which gave in marriage a reluctant American heiress to a Russian whose title meant less than nothing, but which Mama Crandall was determined to have. It is safe to wager that Mama Crandall has derived a thousand times more pleasure out of Vivian's title during these last four years than the beautiful Vivian herself."

"What rot!" Vee-Vee thought disgustedly. "I haven't time to read any

## COMMITTEE SEEKS INFORMATION ON COST OF VIADUCT

Confers With Railroad Commission Regarding City's Share of Project

A committee representing the city went to Madison Tuesday morning to confer with members of the railroad commission regarding the proposed viaduct which has been ordered by E. Wisconsin Ave. Members of the committee are Mayor A. C. Rule, City Engineer L. M. Schindler and Aldermen C. D. Thompson and W. H. Gmeiner. According to Mayor Rule, the committee will seek definite information as to the cost of the entire project and just what the city's share will be.

The viaduct was ordered built by the railroad commission after a long fight by the city administration under Mayor John Goodland. It was pointed out that the intersection is a dangerous one because the highway crosses both the Chicago and Northwestern railroads and the interurban street car tracks at this point. The proposed improvement was to have been paid for jointly by the city and the two companies.

**COST IS GREAT** Several of the aldermen, who are opposed to the project, have repeatedly sought to have the council take up the matter with the railroad commission to have the plans for the viaduct abandoned and the order to build revoked. They point out that this crossing is no more dangerous than

any other in the city. The great cost of the project, which unauthentic estimates place at from \$100,000 to \$150,000, without damages to adjoining properties, is used as an argument against the improvement. The continued cost of removing snow from the cut and the huge yearly upkeep also are cited as reasons why the matter should be dropped.

Alderman Mark Catlin, one of the men who oppose the plan, at a recent meeting succeeded in having the council pass a resolution ordering the city engineer to investigate a suggested plan which would eliminate the expensive viaduct and substitute a less expensive plan which would eliminate the dangerous crossing. One of the reasons given by proponents of the viaduct for the plan, is that the state highway commission plans to reroute Highway 41 over that street and with the additional traffic using the street, they say there would be a very dangerous situation created at the corner.

**PART OF SYSTEM** Proponents say that the viaduct is part of a system for improving the state highway route through the city.

They point at the building of the Memorial bridge on S. Cherry-st, the construction and paving of Cherry-st and N. Richmond-st and they say that all the money on these streets will be wasted because, unless the viaduct is built, the highway commission will refuse to route the highway over these streets, thus relieving Col lege-ave of much of its present congestion.

Alderman Catlin's plan provides for traffic to be routed along the north side of the car tracks, making the turn to the new road parallel the tracks just before reaching the double crossing. This new road would continue for about two miles until it reached a point where the double tracks pass through a small valley. It has been suggested that a less expensive viaduct for auto use could be constructed at that point, where the highway would again rejoin the old route.

This plan would be about one-half as expensive as the original plan and the cost of continual upkeep to the city would be eliminated. Mr. Catlin thought that the city would escape paying any share of the new plan.

Veterinarians given the coveted rating are G. L. Curtis, O. N. Johnson, and W. Madison, all of Appleton; A. C. Finkle, C. J. Hcagle H. W. Helms, and J. B. Randerson, all of Seymour; R. Kerr of Kaukauna; T. L. Knopstein of Greenville; and C. Rock of Dale.

Lawrence Bohon, 20-year old son of Mr. and Mrs. George Bohon, 523 N. providing it was proved to the two transportation companies that by entering the project they could save money. Mr. Catlin thinks the transit companies would pay the entire cost of the new project, because it would be less than their share of the cost of the viaduct.

## JACK LOCKWILL AT SUMMER CAMP

"Who dares to swim a race to High Bluff and back to the float, here?" challenged Saunders, who was wearing his bathing suit. "I know Lockwill doesn't. All he can do is the fancy show-off stuff. I could beat him over and back by a quarter of a mile." Smiling, Jack came out of the water on to the float. "That would be a hard beating," he said. "I'll give you a chance to do it."

Immediately four other boys, one of them being Lizard Waties, clamored to get into the race. A judge and a starter were chosen. "Ready!" called the latter.

Calling another boy to paddle, the judge sprang into a canoe and followed the swimmers. To the surprise of the spectators, Lockwill started off easily with the almost obsolete breast stroke. Saunders, however, fell into the turgid at once, and showed much more racing form. All the contestants took it easy at first. "Buke'll win without half trying," said a watching lad. CHAIRMAN NAMED BY Y. M. C. A. PRESIDENT

Special Rates Will Be Allowed in Two Classes of Boys' Memberships

Seven chairmen of committees of the Y. M. C. A. for the next association year were appointed by President F. J. Haywood Tuesday evening at a meeting of the board of directors of the association. The two new committee chairmen were J. C. Rosebush, personnel, and Dr. J. R. Doney, religious work. Reappointments were given to W. E. Smith, boys' work; A. C. Remley, physical department; W. S. Smith, house committee; J. N. Fisher, budget; T. E. Orblison, membership and activities. The committee chairman will confer with employed officers of the association in choosing their members.

Reports on preparation for the membership campaign from Sept. 26 to 30, were made by R. M. Eickmeyer, membership secretary. The board voted in favor of two proposals of the boys' work executive committee, granting special rates for boys. One proposal was for a limited boys' membership which would entitle the holder to the use of the swimming pool and showers but not the gymnasium for a lower rate. The other was for a special rate for boys who joined as a member of a large church group. The board set the rates for both groups.

The local association's quotas to ward state, national home and national foreign work were discussed and set.

967 COURSES OFFERED AT STATE UNIVERSITY

Madison —(P)—The ninety departments of the University of Wisconsin offer instruction in 967 courses this fall, 39 more courses than were given the first semester of last year.

The courses are taught in 851 individual sections. The 26 departments of the college of letters and science offer 578 courses in 1,191 sections. The 25 departments of the college of agriculture give 147 courses in 353 sections and the 19 departments of the college of engineering 101 courses in 197 sections.

The school of medicine gives 43 courses; the course in physical education 25; the law school 32; the school of music 31; the school of nursing 11; the department of military science and tactics 10.

Courses in the economics department require a total of 146 instruction sections—the greatest number in any department. The English courses are given in 140 sections. The various French courses require, in all, 129 sections; chemistry, 92; Spanish, 68; German, 62; Zoology, 51; Botany, 53; Education, 51; Physics, 48; Speech, 42; and Mathematics, 40.

IMPROVEMENT IS SHOWN IN CHILD'S CONDITION

The condition of Rosanna Heckle, three-year-old daughter of Mr. and Mrs. John Heckle, 705 N. Richmond, who was knocked down and run over by an automobile driven by Roy Wichman, 1119 N. Bennett-st., early Tuesday morning, has improved. Seven fractures of the right leg and four on the left side, deep cut on chin, severe body bruises and the end of her tongue was bitten off.

WISCONSIN WEATHER

Generally fair tonight and Thursday; warmer in northeast portion tonight; not quite so warm in west portion tonight.

WEATHER CONDITIONS

The heat wave continues unabated from the Rockies eastward as the deep low pressure area over the western plains moves very slowly eastward. The highest reported yesterday was 88 degrees at St. Louis, Mo. Warm weather will continue today and Thursday over most of the Eastern portion of the country, but a reaction is reported from the Rocky Mountain region, where a few local and widely scattered showers have fallen during the past 24 hours but mostly over the Rocky Mountain slopes directly within the influence of the low pressure area. The chances are rather against showers falling in this immediate section just at present.

MAN ARRESTED FOR CONTEMPT OF COURT

Thomas Walsh, Appleton, was arrested at Neenah Wednesday morning by Sheriff Otto Zuchlik on a charge of contempt of court. Walsh, who is in arrears with his alimony, recently promised the judge to pay \$10 per week until he was caught up. At the time of his previous arrest he was \$150 in arrears. The judge released him under the care of the sheriff, who was instructed to arrest Walsh as soon as he missed one payment. Last week Walsh's \$10 failed to arrive. After paying the \$10 he was again released by Judge Edgar V. Werner, of the circuit court, who granted the divorce to Mrs. Walsh some months ago. He warned the man that if he missed another payment he would be sent to jail.

SCHNEIDER SPEAKS ON INDIAN AFFAIRS

Indian affairs and the effect the LaFollette-Cooper bill will have on them was the topic of the address of George J. Schneider, congressman from the Ninth congressional district, who spoke at the regular weekly luncheon of the Rotary club at Hotel Northern Tuesday noon. The LaFollette-Cooper bill will be introduced to congress at its next session.

The bill provides for handling of Indian affairs in Wisconsin by three of the state departments rather than by the government's Indian bureau. The state board of health would take care of the health of the Indians, the board of public instruction would take care of their education and the board of control take care of the poor, and would look out for the general welfare. Under this bill the \$300,000 which is now appropriated for Indians in Wisconsin would be turned over to the state boards rather than the Indian bureau.

Congressman Schneider also explained the reason for his opposition to installation of another band saw at the saw mill on the Menominee reservation.

OPERATION PERFORMED ON KAUKAUNA PASTOR

The Rev. E. L. Worthman, pastor of the Immanuel Reformed church at Kaukauna submitted to an operation for appendicitis at 8 o'clock Wednesday morning at the Sebelius hospital at Green Bay. Mr. Worthman was taken ill Sunday while attending the sessions of the Northeastern Synodical conference of the Reformed church of the United States held at Sutton, Neb. He was accompanied home by the Rev. E. G. Krampe of Sheboygan Falls.

ALLEGED MEN STOLE ICE; HELD FOR TRIAL

Morris Chase, one of two brothers who operate the Appleton Pure Milk company, was arraigned before Judge Theodore Berg in municipal court Wednesday morning charged with stealing 50 pounds of ice, valued at 50 cents, from the Bellevue Ice Cream company, 121 N. Superior-st. at 2:30 Wednesday morning. The Appleton Milk company recently purchased the dairy business from the Bellevue company and both organizations use the same building.

Chase was arrested and held at the police station until Wednesday morning. He will be tried Sept. 20. Bonds of \$200 were furnished.

OFFICERS RE-ELECTED BY HUNTERS, ANGLERS

Old officers of the Appleton Angling and Shooting Club, Inc. were re-elected at a meeting and banquet of the club at the Conway Hotel, Monday evening. Officers re-elected were William H. Falatic, president; Max Elias, vice president; and G. L. Chamberlin, secretary and treasurer. After the meeting a discussion of the hunting, trapshooting and sporting situation was held.

A practice shoot at which all club members, their friends and a number of the duck hunters in the locality were present was held at 4 o'clock Wednesday afternoon at the club grounds at Neenah.

James Sexton, town of Hortonville, Wednesday morning pleaded guilty to a charge of threatening to kill his wife, when he was arraigned before Judge Theodore Berg in municipal court. The judge deferred imposing sentence until Friday morning, to make a further investigation into the matter.

Sexton, according to the story told by his wife on the witness stand, became intoxicated while on an auto trip through the county last Sunday afternoon. She told of several stops made at saloons along the road and she said before they reached home he had threatened to kill her. When they reached home, she charged, he told her to "pack your things and get out."

She said no attention to him, however, she said, but went about doing the chores. She said he went out to the barn where he loaded a horse, kicking it and striking it about the head with a rope. She said he then chased their small son, threatening to beat him and at that time her mother, Mrs. Gradl who lives just across the road, heard the commotion and came over.

Mrs. Sexton said her husband told her mother to "get off the place" and she declared he used several obscene names. Mrs. Sexton's brother, William Gradl, who also lived just across the road came over on hearing the noise, and Sexton went into the house and emerged with a double barreled shotgun with which he threatened to "blow the heads off the wife to bunch if they didn't get off the place quick" it was charged.

Sexton was arrested Monday morning by Constable Albert Dierker of Hortonville and brought to the county jail where he is being held.

Mrs. Sexton's mother and brother also testified as to Sexton's actions Sunday.

AGED COUPLE GUILTY OF SELLING ILLICIT BOOZE

Superior —(P)—Mr. and Mrs. William Connors, 70 and 68, respectively, of the town of Union in Eau Claire-co pleaded guilty in federal court here Wednesday morning to a charge of selling home brew. Sentence was deferred until Wednesday afternoon.

Frank Stumpf, Maude Stumpf and Eli Andrews, Chippewa Falls, were fined \$100, \$500 and \$100 respectively for sale of home brew. In case of default they will be confined in the Eau Claire-co jail.

Cliff Powell of Manitowish, was given three months in the Milwaukee house of correction for selling moonshine to the Indians on the Lac du Flambeau reservation. Joe Goodwin, proprietor of the Golden Eagle road house near Wisconsin Rapids, was sentenced to serve five months in the Milwaukee jail and fined \$200 and costs for selling moonshine whiskey and beer.

M. J. Ternaskey of Superior, was fined \$750 and costs for transporting moonshine. Bench warrants were issued for Joseph Neveaux and Dominic Miller, both Indians, as violators of the Volstead act. Joe Showell of Spooner, was sentenced to the house of correction for one month for selling liquor near the Beer Garden near Spooner.

ANTIGO MAN TRYING TO LOCATE BROTHER

Trying to locate his brother, an Antigo man, Joe Schraml, has written to the Appleton postoffice to help in his search. The brother's name is Frank Schraml and a man by the same name is supposed to have worked on a farm near Appleton, the letter stated. Word of a Frank Schraml employed near here has several times come to the Antigo brother, it was said.

Rural mail carriers were told of the letter and asked to make inquiries on their routes.

AIR PASSENGER SERVICE WILL BE STARTED NOV. 7

Jacksonville, Fla. —(P)—Express passenger air service between Detroit and Jacksonville will become an accomplished fact on Nov. 7, when the first Ford-Stout all metal tri-motored plane takes off at the northern city with the first load "cash" passengers. One round trip a week will be made until demand for increase in service necessitates additional service.

NORWAY PROPOSES PACT FOR WORLD ARBITRATION

Geneva —(P)—A voluntary arbitration pact was proposed at Wednesday's session of the League of nations assembly commission on disarmament by Dr. Fridtjof Nansen of Norway.

FIRST LADY'S SMILE HELPED HIM, YOUNG MINISTER DECLARES

Superior —(P)—The smile of the first lady of the land was what helped Rufus Lium, student pastor, overcome his nervousness as he preached a sermon each Sunday in the little white church at Hortonville, with the president and his wife in the congregation. This was related by Lium who is visiting his aunt here. Discussing his experiences as the pastor of the presidents summer church, he said that each Sunday he was nervous as he mounted the pulpit.

"Mrs. Coolidge's smile every Sunday was a great help to me. No matter how often I preached when the president came to church I always had to overcome a slight nervousness, and her wonderful smile steadied me."

Lium related that other members of his congregation flipped a coin each Sunday to determine who would usher the president to his seat. The first time the president came to church, Lium was so "flabbergasted he left out the middle of his sermon," he laughingly said.

CHARGES NORMAL REMITS FEES TO ITS ATHLETES

Superior —(P)—Superior Normal teachers' college remits fees to its athletes, it was alleged by Dr. G. A. Chadwick, dean of the newly organized Duluth, Minn., Junior college, in a talk before the West Duluth Sports Men's club Tuesday. Dr. Chadwick charged Duluth athletes were being induced to come to Superior for scholarship money and that their tuition and other fees would be paid. The Duluth club strongly condemned this alleged action.

MASTER BAKERS NAME MILWAUKEE FOR 1928

Manitowoc —(P)—Milwaukee was awarded the next annual meeting of the Wisconsin Master Bakers association at the closing session Wednesday morning. Joseph Fischer, president, and all the old officers were re-elected by a unanimous vote. The guest of honor Wednesday was President Chusler of the Illinois association. It is possible a joint session of the two organizations may be arranged for next year.

WIRE TICKS

London —The flight of trans-Atlantic monoplane Columbia to the East will be started at the earliest possible moment, said Captain W. G. Hinchliff, after a talk with Charles Levine.

PARIS —The French reply on the tariff question will be transmitted Thursday and indications are that the reply may "not be so favorable as was first expected."

EAST ST. LOUIS, ILL.—Collection of half a million dollars for the Sacco-Vanzetti international labor defense committee was termed a "crime and disgrace" in a report by President John H. Walker of the Illinois Federation of Labor, approved by the federation's annual convention here Wednesday.

HILL IS HEIR TO HIS SLAIN MOTHER'S ESTATE

Ottawa, Ill. —(P)—Harry Hill, the "beloved son" of Mrs. Eliza Hill's last will and testament, Wednesday found himself the principal beneficiary of the estate of the mother he is charged with having slain. Hill, in jail awaiting trial, learned Tuesday that his mother had bequeathed him a \$30,000 farm and securities valued at \$18,000. Lesser grants complete an estate of \$50,000.

The bequests were made with blessings and in endearing terms, contrasting with Mrs. Hill's letters threatening dishonor, written shortly before her death. The will was made Oct. 8, 1925, two weeks prior to her divorce from Dr. H. C. Hill, who was given \$500 by the terms of the will.

There were indications that Hill's attorneys would force an exposure of the state's evidence by a filing petition for a writ of habeas corpus, or by demanding arraignment on a formal charge of murder.

BULLS AGAIN TAKE CONTROL OF MARKET

Many Shares in Strong Advance as Buying Orders Are Expanded

New York —(P)—Stock prices displayed a strong undertone at the opening of Wednesday's market, which was featured by the transfer of several large blocks of stocks. Pennsylvania, Prespro, Texas International Telephone and International Harvester all opened new high prices. The Dow Jones industrial average closed at 124, unchanged from the previous close. Western Pacific showed an initial gain of 3 points.

With operators for the advance apparently convinced that the relatively firm call money rates were only temporarily, pool activities were resumed on a large scale. Unusually heavy trading took place in the motor.

## FOREIGN PLAYERS ON DAYTON SQUAD AT BAY ON SUNDAY

Chinese and Hawaiian Form  
Star Pass Combination for  
Packer's Foes

Green Bay—Something out of the ordinary will be on tap Sunday afternoon when the Dayton club plays here in the opening game of the National Football league as the Triangles have a Chinese and Hawaiian in the backfield and, according to college records, both of them are first-class footballers. "Sneeze" Achiu, a Chinese, played three years of varsity football at the University of Dayton and got away with flying colors. He was also a track man and was fitted with a 57-yard dash in 10 seconds flat. Achiu is a first-class open field runner and splendid receiver of the forward pass.

His partner is August Cabrinha, Hawaiian, who was Achiu's teammate at Dayton. The "Islander" bobbed into gridiron fame in 1925 when playing against the Haskell Indians, he nabbed a pass and dashed 75 yards down the field for the only touchdown of the game. Achiu and his sidekick Cabrinha were the pass luminaries for Dayton 'U' two years running. The Chinese does the majority of the tossing with the Hawaiian on the receiving end.

**HUSKY FORWARDS**  
Two other Dayton "U" products are also playing with the Triangles and, according to Manager Redell, before the 1927 pro season is history, these husky forwards will be listed among the best on the dollar and cents gridiron.

Bill Belanich and Aubrey Strossmider played side by side at Dayton for the seasons of 1924, '25, '26. Strossmider is a guard while Belanich holds down a tackle berth. These two gridders graduated from the 'U' in June and Triangle management worked fast to get their names on a contract as a number of other clubs were after them.

Both these footballers are in the 200-pound class and they are said to be mighty fast for big fellows. Belanich was "so fast" in 1923 that Grantland Rice, noted sport writer, put him on his all-American team at a tackle position.

The Dayton club has been out practicing since late in August. The majority of the players have been given jobs in the Delco factory at Dayton and the early closing hours, coupled with the daylight saving, enabled the Triangles to get in lengthy drills after working hours.

**AFTER WILSON**  
There is a chance that "Wildcat" Wilson, the sensational Pacific coast halfback, may be with the Triangles but Manager Redell is not in a position to guarantee it as yet. It seems that the "Wildcat" decided to leave the club and he is holding out while the dollar pile grows with each new offer. Last reports had it that Wilson would announce his decision on Wednesday as to which club in the National Football league he would play with.

## SCRETT PRACTICE IS BADGER GRID PROGRAM

Madison.—The opening practices of the Wisconsin football squad will be held behind closed doors, according to the announcement made this morning by head coach, Glenn Thistlethwaite. The new Badger mentor made the fact public Wednesday that the fans will not be permitted to watch his charges in action except on special days when open rehearsal will be announced.

The Cardinal managers have been instructed to turn away all spectators, except on Wednesdays, when "W" men will be admitted upon presentation of special cards that are being issued at the Athletic Business Office, 711 Langdon Street.

Thistlethwaite and his staff have been meeting twice daily this week, mapping out their campaign for the coming season. Tom Lieb, line coach and Thistlethwaite's first assistant, arrived in the city Monday, completing the assemblage of grid tutors.

Lieb, Uteritz, Allison, Sundt, Holmes and Barnum will work with the former Northwestern coach in his first season in the Badger camp. This staff will have their duties well outlined by Wednesday night, so that the 50 hopeful candidates will be assured of prompt attention when they report for their first drill Thursday morning.

## BREWERS LOSE TOUGH GAME TO SAINTS, 3-2

St. Paul, Minn.—Base hits of any consequence were as scarce as rubber checks at a banker's convention and the Brewer's fell before St. Paul here Tuesday afternoon in the fourth game of the series, 3 to 2. It leveled the four-day engagement at 2-all.

Minneapolis continued success with the Blues by a 3 to 2 triumph at the same hour last night. Brewer's holding on to a three game advantage but brought another club, Toledo, back into the pennant gallop. The Blues took the measure of Indianapolis and entered a tie with the skidding Blues for second.

**FIND ANCIENT FOREST**  
Woodland, Wash.—Recording food waters of the Lewis River have uncovered an ancient forest believed to date back three or four thousand years. Stumps of trees, in perfect state of preservation, were discovered. Growing forests lived in now soil above them. The old stumps were 5 to 8 feet in diameter.

## Manitowoc High Sends Out Intermural Program

Manitowoc.—(AP)—Suggestions of the high school here for a fall, winter and spring program of intra-mural athletic activity have been relayed by the state Interscholastic Athletic Association to other schools of the state.

The board of control of the association, which regulates and aids high school sport of the state, has emphasized the need of intra-mural athletics, the ultimate aim of which is participation in body-developing activity for all students.

The Manitowoc suggestions list speedball, cross country running, tennis and field hockey as the suitable fall sports for the high school students. Pool shooting, basketball, ice hockey, skating, intramural football and indoor baseball are on the winter schedule and the spring sports include diamond ball, or baseball, tennis, track and field events and horse-shoes.

Here is the way Manitowoc plans the events:

**Speedball:** A new game that was introduced this fall. It was played by every boy enrolled in the regular physical education classes, and intra-mural teams were organized for after school competition. Eleven teams competed during the fall, with a total of 140 individuals.

**Cross Country Running:** Was introduced last fall. It was promoted both on an intra-mural basis and for interscholastic competition. Intra-mural runs were held between teams early in the fall, with an all-school

run held Armistice Day. Thirty-six boys competed in this as an intra-mural sport.

**Tennis:** Organized tournaments were run off during the fall with approximately 36 participating. The courts were in use every night after school.

**Field Hockey:** In spite of the fact that it was a new game, 125 girls were organized into teams and played regular games on a field prepared for that purpose.

**Pool shooting:** One hundred sixty-five boys and sixty-five girls were organized into teams of five each and an elimination tournament was run off preliminary to the basketball season.

**Basketball:** Two-hundred and forty boys responded to the call for intra-mural basketball, while 64 girls turned out to play the game under girl's rules.

**Ice Hockey:** A separate ice hockey rink has been prepared to accommodate the 72 boys who signed to compete on organized ice hockey teams. Copies of the rules distributed. Nine teams participated.

**Skating:** Regular physical education classes were held on the ice, while skating races, fancy skating, and an ice carnival were on the program for the winter.

**Intra-mural Festival:** Indoor track events, special relays, gymnastic events, etc.

**Indoor Baseball:** Following the completion of the basketball schedules and intra-mural festival, teams in indoor baseball may be organized.

**Horse-shoes:** This sport promoted for boys who cannot take part in more strenuous sports, and also for the others who like to play the game. Several courts are prepared for girls, who use a lighter and smaller shoe.

**Gene Steps Out and Leaves Guards Home**  
Lake Villa Ill.—(AP)—Most people would naturally believe that the heavyweight champion of the world, of all people, is best able to take care of himself, but not the citizens of Chicago.

For the first time since Tunney came west ten days ago to complete training for the most expensive fight display—his \$3,000,000 title battle with Jack Dempsey at Soldier field—the champion Wednesday had no one minding him.

Gene left his personal bodyguard, Bill Smith of detective headquarters spinning yarns of the stock yards and the bold Chicago gunman when he departed the training camp Monday, to visit with friends at Lake Forest, 20 miles away.

A miniature fire department, of 20 firemen, assigned from headquarters in Chicago as well as Sergeant Smith's three assistants, the regular police force about the grounds and Jiggs II, the Quantico Marine mascot from Virginia, all were left with nothing to protect.

Weighing 192 pounds or thereabouts, Tunney, according to the consensus of newspaper critics, is faster than when he whipped Dempsey last fall, stronger, and is boxing and punching better than at any time in his career.

Two of the men who signed the Declaration of Independence were brothers. They were Richard Henry Lee and Francis Lightfoot Lee, delegates from Virginia.

Manitowoc High School is sending from an hour to an hour and a half every evening in Jones park learning the rudiments of football under the tutelage of Mel Heinritz, who last year played a guard on the Appleton high school teams. The youngsters go through their setting up exercises every evening and then spend the remainder of the time learning how to carry the ball and how to tackle.

Though they have not been taught signals and plays, that will be their next step, according to Coach Heinritz. Several likely prospects for future high school teams are to be found among the boys among them: Max Schiedermayer, a guard, and Clem Rossmel. Both are deadly tacklers and carry themselves well when handling the ball. Schiedermayer, used at guard is a likely future organized possibility with tackling that rivals present high school players.

The St. Joseph team is making a bid to enter the Junior high school league and being the largest Catholic school in the city, the equivalent of a junior high school, the boys are entering hopes that their squad be accepted on that basis. The school has a ninth grade.

## PIRATES TAKE TWO TO INCREASE LEAD

Buck Now Three Games  
Ahead as Giants, Cards  
Split and Cubs Lose

Pennant chances of the Pittsburgh Pirates looked better Wednesday than at any time since the club climbed to the top of the National League ladder during the recent road slump of the Chicago Cubs. The Corsairs now occupy the crown's nest with three full games to spare.

Hard timely hitting and good pitching brought Pittsburgh home to victory in two games Tuesday against the Boston Braves. Lee Meadows pitched the leaders to a 6-1 victory in the opener.

Vic Aldridge hurled the Bucs to a 5-4 victory in the second game. Sherdel southpawed the Giants into submission in the first game at St. Louis, the Redbirds getting a 6 to 2 verdict. The Giants, having been knocked out of second place in the standing, came back for a 12-6 win in the aftermath.

Brooklyn beat the Chicago Cubs in the series opener, 6-5. Cincinnati disposed of Philadelphia, 5-3. While the Yankees were clinching the American League pennant at the Philadelphia Athletics were swamping the Chicago White Sox, 15 to 5. The Boston Red Sox came from behind in each game of a double header against the St. Louis Browns and snared a double victory, 5-4, and 3-2. The first contest went 13 innings.

**SETTLE POCAN PROTEST  
AT WEDNESDAY MEETING**  
Officials of the Fox River Valley baseball league and team managers will hold a regular meeting Wednesday evening in Appleton. The most important business probably will be over Poca, Kimberly hurler, who has been protested by several league teams and has won about six games for the K-C men, this season.

The protesting squads say that he played with Kimberly while also playing rightfield for Stormy Kromer's championship squad of the Milwaukee-Lake Shoro league, often hurling for Kimberly Saturday and playing for Stormy Sunday.

Kimberly officials expect to invoke a league rule technically to keep his games and his services. They say he is not signed up with the Kromers but he has signed a Kimberly contract. Though he also played with Kromer's squad, the league rule says something or other about being eligible to play in the Valley league as long as a player is not "signed up" with another team or in another league.

Managers who will attend the meeting are Joseph Clusman, Green Bay; L. O. Cooke, Kimberly; Lester Smith, Kaukauna; Arthur Larsen, Neenah; Theodore McGillan, Menasha; and C. O. Baetz, Appleton. Presidents of some teams and some umpires also will be present with President C. L. PreFontaine, of Fond du Lac.

Two of the men who signed the Declaration of Independence were brothers. They were Richard Henry Lee and Francis Lightfoot Lee, delegates from Virginia.

## PASTOR'S BOXING SON CLASSES GRID AS ROUGH

New York — (AP) — Football is too brutal for Billy (Kid) LaMance, son of the Rev. William M. LaMance of Beulah, Mich., Methodist evangelist. The two are in New York for the son's bout in an amateur show in Astoria Thursday night. The father will be the son's second.

"Football is much more brutal than boxing," the youth said. "I found it out when I played last year at Centre college."

The sole point of difference between father and son is the outcome of the Dempsey-Tunney bout. "Tunney will win," said the evangelist. "Tunney is too clever for Dempsey. He will out-box Dempsey and win on points."

"You're wrong, father," said the boy. "Dempsey has the punch and aggressiveness to put it over. He'll win by a knockout."

The two believe boxing is a good profession as well as a good sport and that Bill stands a good chance to win his fight here and later earn a place on the Olympic boxing team.

## CROFOOT HAS HARD TASK THIS SEASON

Badger Leader Is Only Back  
in School With Two Years  
Varsity Play

Madison—Wisconsin's fiery little football leader, Edwin "Toad" Crofoot, arrived here Wednesday morning from his home in Mason City, Iowa, heavily laden with the responsibilities of a captain, about to lead his team into a schedule well loaded with games that the conservatives term difficult.

"Toad" has played two years at quarterback at Wisconsin. He was uncovered by George Little as a sophomore and drew the quarter assignment on the 1925 Badger eleven. This season will be Crofoot's last and a good share of the burden will be borne on his chunky shoulders. "Toad" will be called upon to serve as field general and as captain.

The Cardinal pilot is not side-stepping any of this responsibility. Far from it. Those who know the dynamic spirit of this lad are eager to see him carry on his senior year. Always a player of the aggressive type, Crofoot will be an invaluable aid this season, as in the past two. In buoying the Badgers' fighting spirit to the greatest height.

Crofoot is determined to make the best of his opportunity this fall. He can easily develop into one of the best field generals in the west. He is a good forward passer, and sure at receiving passes. He can run with the ball, and is more valuable as a blocker than in any other department of play. "Toad" has also done some punting and place kicking in the pinches.

**BEAUTIFY RAIL LINES**  
Berlin — In Germany, the term "down by the railroad tracks" no longer implies a locality of squalid ugliness. The German Railways Administration has set aside 100 monetary prizes to be awarded to persons along the rights-of-way who have cleaned up and beautified their property.
